Contents

SECTION 1 BASIC PRINCIPLES OF OPHTHALMIC SURGERIES 1–51

Section Editor: **Parul Ichhpujani**

1. **Asepsis in the Operating Room 3**
   Oana Stirbu
   - Patient Care *3*
   - Personnel Discipline *3*
   - Operating Room Complex *6*
2. **Anesthesia for Ophthalmic Surgery 11**
   Abhilasha Solanki
   - Relevant Anatomy, Physiology, and Pharmacology *11*
3. **Operating Microscopes and Surgical Loupes 17**
   Mohammad Hosein Nowroozzadeh, M Reza Razeghinejad
   - Operating Microscopes *17*
   - Surgical Loupes *24*
4. **Sutures and Needles in Ophthalmology 26**
   Oscar Albis-Donado, Shibal Bhartiya, Giovanna Casale-Vargas
   - Sutures *26*
   - Needles *29*
   - Alternative Materials and Specific Sutures for Tissue Approximation *30*
5. **Suturing and Knot Tying 32**
   Ghasem Fakhraie
   - Basic Principles of Suture Placement *32*
   - Simple Square Knot *33*
   - Suturing Techniques *34*
6. **Hemostasis 39**
   Colin I Clement, Adrian T Fung, Brett O'Donnell
   - Factors Contributing to Intraoperative Bleeding *40*
   - Planning Surgery *40*
   - Intraoperative Management *42*
   - Postoperative Management *44*
7. **Surgical Field: Asepsis and Preparation 46**
   Parul Ichhpujani, Shibal Bhartiya, Sahil Thakur
   - Antiseptic Agents *46*
   - Preoperative Use of Topical Antibiotics *47*
   - Preparation of the Surgical Field *47*
   - Draping *47*

SECTION 2 CATARACT SURGERIES 53–112

Section Editor: **Alan S Crandall**

8. Introduction to the Cataract Surgery 55
Alan S Crandall

9. Technique for a Routine Cataract Surgery 56
Alan S Crandall
- Indications *56*
- Contraindications *56*
- Preoperative Evaluation *56*
- Anesthesia *57*
- Surgical Technique *58*

10. Manual Small-incision Cataract Surgery 68
Rengaraj Venkatesh, Geoffrey Tabin, Michael Feilmeier, Benjamin Thomas, Sanduk Ruit
- General Surgical Technique *68*
- Outcomes: Phacoemulsification versus MSICS *76*

11. Capsular Tension Segments 79
Patrick Gooi, Taylor Lukasik, Iqbal Ike K Ahmed
- Preoperative Considerations *80*
- Avoiding Vitreous Loss and a Vitrectomy *80*
- Surgical Technique *80*
- Postoperative Management *84*
- Advanced Anterior Segment Reconstruction *84*

12. Femtosecond Laser Cataract Surgery 86
Robert J Cionni, Charles H Weber
- Indications *86*
- Contraindications *86*
- Surgical Technique *86*
- Mechanism of Action *90*
- Postoperative Care *90*
- Specific Instrumentation *90*
- Complications *91*
- Surgical Outcomes: Scientific Evidence *91*
- Place of the Technique in Surgical Armamentarium *91*

13. Pediatric Cataract 94
Abhay R Vasavada, Sajani Shah
- Timing of Surgery *94*
- Preoperative Evaluation *94*
- Surgical Technique *95*
- Complications of Pediatric Cataract Surgery *97*
- Newer Approaches *98*

14. Phacoemulsification in Hard Cataracts 100
Aravind Haripriya, Rengaraj Venkatesh
- Challenges in Handling Brown Cataracts *100*
- Anesthesia *101*
- Prerequisites *101*
- Phacoemulsification of a Brown Cataract *102*

15. How to Successfully Perform the Bag-in-the-Lens Technique in Cataract Surgery? 105
Marie-José Tassignon, Sorcha Ní Dhubhghaill
- General Indications *105*
- Special Indications *106*
- Surgical Technique *106*
- Mechanism of Action *108*
- Postoperative Care *109*
- Specific Instrumentation *109*
- Complications *110*
- Surgical Outcomes: Scientific Evidence *110*
- Place of the Technique in Surgical Armamentarium *111*

SECTION 3 CORNEAL SURGERIES 113–194

Section Editor: **Walter E Beebe**

16. Penetrating Keratoplasty 115
Lucy Eakle Franklin, Douglas I Katz, Woodford S Van Meter
- Indications *115*
- Contraindications *116*
- Specific Instrumentation *116*
- Surgical Technique *119*
- Postoperative Care *124*
- Complications *125*

17. An Overview of Endothelial Keratoplasty 129
Julia C Talajic, Michael D Straiko, Mark A Terry
- Advantages *129*
- History and Overview of the Techniques *130*
- Indications for Endothelial Keratoplasty (EK) *131*
- Contraindications to EK *131*
- Contraindications to DMEK *131*
- Surgical Technique FOR DSAEK *131*
- Surgical Technique FOR DMEK *134*
- Complications After EK *138*
- Long-term Outcomes *139*
- Future Horizons for Endothelial Replacement *139*

18. Anterior Lamellar Keratoplasty 142
Donald TH Tan, Marcus Ang
- Indications *143*
- Contraindications *143*
- Surgical Techniques *145*
- Complications *149*
- Imaging in ALK Surgery *151*

19. Keratoprosthesis 154
Sotiria Palioura, Christina R Prescott, James Chodosh
- Keratoprosthesis Designs *154*
- Indications *156*
- Contraindications *157*
- Surgical Technique *157*
- Postoperative Care *160*
- Complications *161*

- Surgical Outcomes: Scientific Evidence/Meta-analysis *161*
- Place of the Technique in Surgical Armamentarium *164*

20. Amniotic Membrane Transplantation 167
Hosam Sheha, Sean Tighe, Anny Cheng, Scheffer CG Tseng
- Amniotic Membrane as a Biological Bandage *167*
- Indications *167*
- Contraindications *168*
- Procedures *168*
- Clinical Applications and Outcomes *168*
- Complications and Limitations *175*

21. Tissue Adhesives in Ophthalmic Surgery 176
Mark S Hansen, Terry Kim
- Ophthalmic Uses of Tissue Adhesives *176*
- Types of Tissue Adhesives *176*
- Other Tissue Adhesives in Development *180*

22. Ocular Surface Reconstruction and Limbal Stem Cell Transplantation 181
Clara C Chan, Edward J Holland
- Diagnosis of LSCD *181*
- Preoperative Staging of Ocular Surface Disease *182*
- Classification of Ocular Surface Transplantation Techniques *183*
- Immunosuppression in Limbal Stem Cell Transplantation *189*
- Keratoplasty after Limbal Stem Cell Transplantation *189*

SECTION 4 VITREORETINAL SURGERIES 195–344

Section Editors: **Allen Ho, Sunir J Garg, Michael A Klufas**

23. Principles and Techniques of Vitreoretinal Surgery 197
Rajiv Shah, Omesh Gupta
- Indications *199*
- Clinical Evaluation *199*
- Contraindications *199*
- Surgical Technique *199*
- Mechanism of Action *204*
- Postoperative Care *204*
- Complications *204*
- Surgical Outcome: Scientific Evidence *204*
- Place of the Technique in Surgical Armamentarium *204*

24. Scleral Buckling Procedure for Retinal Detachment Repair 207
Baseer U Ahmad, Gaurav Shah, Nicholas Engelbrecht, Matthew Thomas, Bradley Smith
- Indications *207*
- Contraindications *207*
- Surgical Technique *207*
- Mechanism of Action *221*
- Postoperative Care *221*
- Specific Instrumentation *221*
- Potential Complications *222*
- Surgical Outcomes: Scientific Evidence/Meta-analysis *223*
- Place of the Technique in Surgical Armamentarium *223*

25. Pneumatic Retinopexy 226
Nikolas JS London, Paul E Tornambe
- Indications *226*
- Contraindications *226*
- Surgical Technique *229*
- Mechanism of Action *232*
- Postoperative Care *232*
- Specific Instrumentation *232*
- Potential Complications *232*
- Surgical Outcome: Scientific Evidence *233*
- Place of the Technique in Surgical Armamentarium *233*

26. Pars Plana Vitrectomy for Rhegmatogenous Retinal Detachment 236
David Xu, Richard S Kaiser, Michael A Klufas
- Indications *236*
- Contraindications *237*
- Surgical Technique *237*
- Combined Scleral Buckle and PPV *240*
- Proliferative Vitreoretinopathy *240*
- Mechanism of Action *242*
- Postoperative Care *242*
- Specific Instrumentation *242*
- Complications *242*
- Surgical Outcome: Scientific Evidence *242*
- Place of the Technique in the Surgical Armamentarium *243*

27. Surgery for Submacular Hemorrhage due to Neovascular Age-related Macular Degeneration 246
Daniel Su, Christopher J Brady, Carl D Regillo
- Indications *247*
- Contraindications *248*
- Surgical Technique *248*
- Mechanism of Action *249*
- Postoperative Care *250*
- Specific Instrumentation *250*
- Complications *250*
- Surgical Outcome: Scientific Evidence *251*
- Place of the Technique in the Surgical Armamentarium *251*

28. Macular Holes and Management 253
Rajiv Shah, Carl Park
- Indications *253*
- Clinical Evaluation *257*
- Contraindications *257*
- Treatment *258*
- Mechanism of Action *263*
- Postoperative Care *263*
- Complications *263*
- Surgical Outcome: Scientific Evidence *263*
- Place of the Technique in Surgical Armamentarium *264*

29. Epiretinal Membranes 267
Philip P Storey, Mitchell S Fineman
- Indications *268*
- Contraindications *268*

- Surgical Technique *268*
- Mechanism of Action *271*
- Postoperative Care *271*
- Specific Instrumentation *271*
- Complications *272*
- Surgical Outcome *272*
- Place of the Technique in Surgical Armamentarium *273*

30. Posteriorly Dislocated Retained Lens Material 275
Ferhina S Ali, John D Pitcher, III, Marc J Spirn

- Indications *275*
- Contraindications *275*
- Surgical Technique *276*
- Mechanism of Action *278*
- Surgical Outcome: Scientific Evidence *279*
- Place of Technique in Armamentarium *280*

31. Surgical Repair of Choroidal Detachment 281
Andre J Witkin

- Indications *282*
- Contraindications *282*
- Surgical Technique *282*
- Mechanism of Action *285*
- Postoperative Care *285*
- Specific Instrumentation *285*
- Complications *285*
- Surgical Outcome: Scientific Evidence *285*
- Place of the Technique in the Surgical Armamentarium *286*

32. Vitreoretinal Surgical Interventions for Endophthalmitis 287
Michael Dollin, Jason Hsu

- The Endophthalmitis Vitrectomy Study *287*
- Vitreous Tap and Inject *287*
- Vitrectomy *291*
- Workup for Endogenous Endophthalmitis *293*

33. Vitreous Implants and Intravitreal Injections 295
Roger A Goldberg, Chirag P Shah, Sunir J Garg

- Indications *295*
- Contraindications *295*
- Surgical Technique *296*
- Mechanism of Action *299*
- Postoperative Care *299*
- Specific Instrumentation Subject to Physician Preference *299*
- Complications *299*
- Outcome: Scientific Evidence *299*
- Place of Technique in Armamentarium *301*

34. Techniques of Laser Photocoagulation in Diabetic Retinopathy 303
Joseph I Maguire, Michael A Klufas

- Indications *303*
- Contraindications *304*
- Surgical Technique *304*
- Postoperative Care *306*
- Instrumentation *307*

- Complications *307*
- Laser Risks *307*
- Surgical Outcome: Scientific Evidence *308*
- Place of Technique in Armamentarium *308*

35. Intraocular Foreign Bodies 310
John R Minarcik, Marcus Colyer, Eric Weichel

- Indications *310*
- History and Examination *310*
- Contraindications *311*
- Surgical Technique *311*
- Postoperative Care *314*
- Instrumentation *314*
- Complications *315*
- Surgical Outcomes: Scientific Evidence *315*

36. Vitreoretinal Surgery in Diabetics 318
Michael Dollin, James Vander

- Laser Photocoagulation for Diabetic Macular Edema *318*
- Panretinal Photocoagulation *320*
- Vitrectomy for Diabetic Retinopathy *321*

37. Endoscopic Vitrectomy 327
S Chien Wong, Emil Anthony T Say, Thomas C Lee

- Indications *327*
- Contraindications *329*
- Surgical Technique *329*
- Mechanism of Action *332*
- Postoperative Care *333*
- Instrumentation *333*
- Complications *333*
- Surgical Outcome: Scientific Evidence *333*
- Place of Technique in Armamentarium *336*

38. Surgical Uveitis 338
Salman Porbandarwalla, G Atma Vemulakonda

- Surgical Modalities *338*

SECTION 5 GLAUCOMA SURGERIES 345–438

Section Editors: **Ronald Leigh Fellman, Davinder S Grover**

39. Indications for Glaucoma Surgery 347
George L Spaeth

40. Guarded Filtration Surgery 352
Marlene R Moster, Augusto Azuara-Blanco

- Indications *352*
- Target Iop: The Degree to Which the Iop Should be Lowered *352*
- How to Reach Target Iop *352*
- Contraindications *353*
- Mechanism of Action *353*
- Surgical Technique *353*
- Postoperative Care *357*

- Specific Instrumentation *359*
- Complications of Filtration Surgery *359*
- Surgical Outcome: Scientific Evidence from Randomized Trials *359*

41. Microincisional Glaucoma Surgery 361
Steven D Vold, Mary Anne Ahluwalia, Davinder S Grover, Ronald Leigh Fellman
- Indications *361*
- Contraindications *361*
- Mechanism of Action *361*
- Surgical Technique *364*
- Postoperative Care *365*
- Complications *366*
- Surgical Outcomes: Scientific Evidence/Meta-Analysis *366*

42. Glaucoma Drainage Devices 369
Eileen Choudhury, Joseph F Panarelli, Steven J Gedde
- Indications *369*
- Contraindications *369*
- Mechanism of Action *370*
- Surgical Technique *370*
- Postoperative Care *372*
- Specific Instrumentation *373*
- Complications *373*
- Surgical Outcome: Scientific Evidence *373*
- Place of the Technique in Surgical Armamentarium *375*

43. Angle Surgery: Trabeculotomy and Goniotomy 377
Ronald Leigh Fellman, Davinder S Grover
- Indications *378*
- Contraindications *378*
- Surgical Techniques *378*
- Mechanism of Action *380*
- Postoperative Care *387*
- Specific Instrumentation *387*
- Complications *387*
- Surgical Outcome *388*
- Place of the Technique in Surgical Armamentarium *388*

44. Complications of Glaucoma Surgery and Their Management 391
Sunita Radhakrishnan, Andrew G Iwach
- Complications of Trabeculectomy *391*
- Complications of ADDs *397*

45. Laser Trabeculoplasty 400
Fabiana Q Silva, Scott D Smith
- Indications *400*
- Contraindications *401*
- Mechanism of Action *401*
- Surgical Technique *401*
- Postoperative Care *401*
- Complications *402*
- Surgical Outcomes: Scientific Evidence *402*
- Place of the Technique in Surgical Armamentarium *402*

46. Laser Peripheral Iridotomy and Iridoplasty 405
Jocelyn L Chua, Monisha E Nongpiur, Andrew Tsai, Tin Aung

Laser Peripheral Iridotomy *405*
- Indications *405*
- Contraindications *406*
- Surgical Technique *406*
- Postoperative Care *406*
- Anatomical Changes after LPI *406*
- Complications *407*

Laser Iridoplasty *408*
- Indications *408*
- Contraindications *408*
- Surgical Technique *409*
- Mechanism of Action *409*
- Postoperative Care *409*
- Complications *409*
- Surgical Outcomes *409*
- Place of the Technique in Surgical Armamentarium *410*

47. Cyclophotocoagulation 412
Donna Nguyen, Kimberly A Mankiewicz, Nicholas P Bell
- Indications *412*
- Contraindications *413*
- Mechanism of Action *413*
- Specific Instrumentation *413*
- Surgical Technique *414*
- Postoperative Care *416*
- Complications *416*
- Surgical Outcomes *416*
- Micropulse Cyclophotocoagulation *418*

48. Endoscopic Cyclophotocoagulation..... 421
Brian A Francis, Christine V Nguyen
- Patient Selection *421*
- Indications *421*
- Contraindications/Cautions *422*
- Surgical Technique *422*
- Mechanism of Action *424*
- Postoperative Care *424*
- Specific Instrumentation *424*
- Complications *425*
- Surgical Outcomes/Scientific Evidence and Meta-analysis *425*
- Place of the Technique in Surgical Armamentarium *427*

49. Nonpenetrating Glaucoma Surgery 429
Richard A Lehrer
- Indications and Considerations *432*
- Contraindications and Considerations *432*
- Surgical Technique *432*
- Postoperative Care *437*
- Specific Instrumentation *437*
- Complications *437*
- Surgical Outcomes: Scientific Evidence *438*
- Place of the Technique in the Surgical Armamentarium *438*

SECTION 6 OCULOPLASTIC, ORBITAL AND LACRIMAL SURGERIES 439–740

Section Editor: **Santosh G Honavar**

50. Anatomical and Radiological Considerations 441
Jonathan J Dutton
- Orbital Bones *441*
- Muscles of Ocular Motility *444*
- Motor Nerves of the Orbit *446*
- Sensory Nerves of the Orbit *448*
- Arterial Supply to the Orbit *448*
- Venous Drainage from the Orbit *450*

51. Basic Instrumentation and Techniques 452
Charles Kim, Gary J Lelli Jr
- Oculoplastic Surgical Tray *452*
- Incisions *452*
- Tissue Dissection *453*
- Exposure of the Surgical Field *454*
- Hemostasis *454*
- Suturing *455*
- Soft Tissue Grafts *456*
- Bone and Cartilage *456*
- Orbital Implants *457*
- Ptosis Surgery *458*
- Canalicular Laceration Repair *458*
- Canalicular Stents *458*
- Lacrimal System Obstruction *458*
- Endoscopic Surgery *459*

52. Upper and Lower Eyelid Entropion 461
Christoph Hintschich
- Definition *461*
- Classification of Entropion *461*
- Anatomical Considerations *462*
- Indications for Surgery *462*
- Clinical Examination *462*
- Anesthesia *463*
- Lower Eyelid Entropion *463*
- Therapy *467*
- Acute Spastic Entropion *472*
- Upper Eyelid Entropion *472*

53. Surgical Techniques for Upper and Lower Eyelid Ectropion 477
Steven M Couch, Philip L Custer
- Indications *477*
- Contraindications *477*
- Surgical Technique Defined by Etiology *477*
- Postoperative Care *481*
- Specific Instrumentation *482*
- Complications *482*
- Place of the Technique in Surgical Armamentarium *482*

54. Abnormalities of the Eyelashes 483
Alexander Foster, Bradford W Lee, Don O Kikkawa, Bobby S Korn
- Indications *484*
- Contraindications *484*
- Surgical Techniques *484*
- Postoperative Care *485*
- Complications *485*
- Surgical Results: Scientific Evidence *486*

55. Management of Facial Palsy 487
Sally L Baxter, Richard L Scawn, Bobby S Korn, Don O Kikkawa
- Indications *488*
- Contraindications *488*
- Surgical Techniques and Mechanisms of Action *488*
- Postoperative Care *494*
- Complications *494*
- Surgical Results and Decision Making *494*

56. Eyelid Tumor Surgery 497
Roshmi Gupta, Santosh G Honavar
- Surgical Techniques *497*
- Postoperative Care *500*
- Complications *500*
- Surgical Outcomes *501*
- Limitations of Techniques *501*

57. Techniques in Eyelid Reconstruction 503
Samuel Baharestani, Jonathan Pargament, Jeffrey Nerad
- Anterior Lamellar Defects *504*
- Repair of Full-Thickness Eyelid Defects up to 25% *506*
- Repair of Full-thickness Eyelid Defects of 25–50% *506*
- Repair of Lid Defects of 50–75% *507*
- Repair of Lower Lid Defects of 75% or Greater *507*

58. Botulinum Toxin Injections: Functional and Esthetic 509
Shubhra Goel, Cat Nguyen Burkat
- Indications in Ophthalmology and Oculoplastic Surgery *509*
- Contraindications *512*
- Structure and Reconstitution *512*
- Injection Technique *514*
- Complications *515*
- Postprocedure Care *518*

59. Periocular Fillers 520
Andre S Litwin, Raman Malhotra
- Temporary Fillers *520*
- Permanent and Semipermanent Fillers *521*
- Indications *522*
- Contraindications *522*
- Surgical Technique *522*
- Temple Hollowing *523*
- Brow Deflation *524*
- Upper Eyelid *524*
- Tear Trough and Eyelid–Cheek Junction *525*

- Other Periorbital Uses of Injectable Soft-tissue Fillers *526*
- Postoperative Care *526*
- Complications *527*
- Place of the Technique in Surgical Armamentarium *528*

60. Lasers in Oculoplastic and Aesthetic Surgeries 530
Cat Nguyen Burkat
- Indications *530*
- Contraindications *531*
- Relevant Anatomy *531*
- Mechanism of Action *533*
- Technique *534*
- Post-Laser Care *534*
- Specific Instrumentation *534*
- Complications *535*
- Place of the Technique in Esthetic Oculoplastic Armamentarium *538*

61. Ptosis Repair: Müllerectomy 543
Shubhra Goel, Cat Nguyen Burkat
- Prerequisites *543*
- Indications *543*
- Contraindications *544*
- Surgical Technique *544*
- Mechanism of Action *545*
- Considerations in Surgical Planning *546*
- Advantages and Disadvantages *547*
- Postoperative Care *547*
- Additional Procedures *547*

62. Ptosis Repair: Fasanella–Servat Procedure 549
Vikas Menon, Santosh G Honavar
- Indications *549*
- Contraindications *549*
- Surgical Technique *550*
- Postoperative Care *550*
- Complications *550*

63. Ptosis Repair: Levator Surgery (External Approach) 553
Vikas Menon
- Indications *553*
- Contraindications *553*
- Surgical Technique *553*
- Postoperative Care *557*
- Complications *557*

64. Ptosis Repair: Levator Surgery (Internal Approach) 560
Andre S Litwin, Raman Malhotra
- Anatomy *560*
- Indications *561*
- Contraindications *561*
- Surgical Technique *561*
- Postoperative Care *564*
- Complications *564*
- Surgical Outcomes: Scientific Evidence *564*
- Place of the Technique in Surgical Armamentarium *564*

65. Techniques in Frontalis Suspension 566
Louis Savar, Stuart R Seiff
- Indications *566*
- Contraindications *566*
- Surgical Technique *566*
- Mechanism of Action *570*
- Postoperative Care *572*
- Specific Instrumentation *572*
- Complications *572*
- Place of the Technique in Surgical Armamentarium *572*

66. Blepharoplasty 574
Shubhra Goel, Cat Nguyen Burkat
- Indications *574*
- Contraindications *574*
- Surgical Technique *574*
- Complications *584*
- Postoperative Care *584*

67. Brow Repair 587
Shubhra Goel, Cat Nguyen Burkat
- Indications *587*
- Evaluation *588*
- Preoperative Preparation *590*
- Surgical Technique *590*
- Postoperative Care *594*

68. Eyelid and Eyebrow Surgery in East Asians 596
Gangadhara Sundar
- Ethnic Considerations in Oculofacial Surgery: An Asian Perspective *596*
- General Considerations *596*
- East Asian Periorbital Anatomy *597*
- General Facial Considerations *597*
- Eyelid–Periorbital Considerations *597*
- Asian Eyelid Surgery *601*

69. Correction of Eyelid Retraction 612
Richard L Scawn, Jean-Paul Abboud, Don O Kikkawa, Bobby S Korn
- Indications *612*
- Contraindications *612*
- Surgical Techniques *612*
- Postoperative Care *617*
- Complications *617*
- Surgical Outcomes: Scientific Evidence *617*

70. Surgical Approaches and Techniques in Orbital Surgery 620
Geoffrey E Rose, David H Verity
- Key Approaches to the Orbit *620*
- Preoperative Care of the Orbital Patient *625*
- Principles of Postoperative Management *627*

71. Decompression Surgery 628
Robert A Goldberg, Daniel B Rootman
- Brief Contextual History of Decompression *628*
- Anatomic Review *628*

- An Individualized Approach to Surgical Rehabilitation: The "Five Walls" of Decompression *631*
- Techniques: Minimally Invasive, Standard Deep Lateral Wall and Extended Medial/Posterior Floor Decompression *632*

72. Endoscopic Orbital Surgery 639
Kelvin KL Chong, Nicole C Tsim
- Indications *639*
- Contraindications to Endoscopic Surgery *640*
- Surgical Technique *640*
- Mechanism of Action *647*
- Postoperative Care *648*
- Specific Instrumentation *648*
- Complications *648*
- Surgical Outcomes: Scientific Evidence *648*
- Place of the Technique in Surgical Armamentarium *648*

73. Orbital Blowout Fractures 650
Rakesh M Patel, Allen M Putterman
- Evaluation *650*
- Pathophysiology *650*
- Indications *651*
- White-eyed Blowout Fracture *655*

74. Optic Nerve Sheath Fenestration 658
Nathan Abraham, Christopher I Zoumalan
- Indications *658*
- Preoperative Examination *658*
- Surgical Technique *659*
- Postoperative Care *660*
- Complications *660*

75. Orbital Implants 662
Sima Das, Santosh G Honavar
- Nonintegrated Implants *662*
- Integrated Implants *663*
- Wrapping of Porous Implants *665*
- Pegging of Porous Implants *666*
- Implant Selection *666*
- Scientific Evidence *666*

76. Contracted Socket 668
Fairooz P Manjanadavida, Santosh G Honavar
- Acquired Contracted Socket *668*
- Indications and Goal of Surgery *670*
- Surgical Techniques *670*
- Congenital Contracted Socket *676*

77. Enucleation 679
Sima Das, Santosh G Honavar
- Indications *679*
- Enucleation Surgery *681*
- Postoperative Care *684*
- Complications *684*
- Prosthesis Fitting *685*

78. Evisceration 688
Vikas Menon
- Indications *688*
- Contraindications *689*
- Surgical Technique *689*
- Postoperative Care *689*
- Complications *691*

79. Orbital Exenteration 692
Sima Das, Santosh G Honavar
- Indications *692*
- Types *692*
- Preoperative Evaluation *696*
- Surgical Technique *696*
- Postoperative Care *698*
- Complications *699*
- Prosthesis Fitting *700*

80. Nasolacrimal Duct Probing and Irrigation 702
Ashley Lundin, Cat Nguyen Burkat, Shubhra Goel
- Anatomy *702*
- Indications *704*
- Contraindications *704*
- Timing of Nasolacrimal Duct Probing and Irrigation *704*
- Instrumentation *705*
- Surgical Technique *706*
- Postoperative Care *708*
- Complications *708*

81. External Dacryocystorhinostomy 710
Sima Das
- Surgical Anatomy *710*
- Indications of DCR *710*
- Preoperative Preparations *712*
- Anesthesia *712*
- Surgical Procedure *713*
- Postoperative Treatment *716*
- Indication of Intubation *716*
- Indication of Antimetabolites *716*
- Complications of DCR *716*
- Dacryocystorhinostomy in Special Situations *717*
- Results of External DCR *718*

82. Endonasal Dacryocystorhinostomy..... 720
Jane Olver
- Types of DCR *720*
- Indications *720*
- Contraindications *721*
- Surgical Aims and Outcomes *721*
- Adjunctive Procedures *728*
- Controversies *728*
- Postoperative Care *728*
- Complications *728*
- Surgical Outcomes *728*
- Redo DCR *729*

83. Punctal and Canalicular Surgery 730
David H Verity, Geoffrey E Rose
- Punctal Surgery *730*
- Canalicular Surgery *732*
- Surgical Technique *736*

SECTION 7 ONCOLOGY SURGERIES 741–841

Section Editor: **Bertil Damato**

84. Introduction to Oncology Section 743
Bertil Damato
- Surgical Excision *743*
- Radiotherapy *744*
- Phototherapy *744*
- Cryosurgery *745*
- Pharmacotherapy *745*
- Psychological Aspects *745*
- Consent *745*
- Communicating with Patients *745*
- Multidisciplinary Care *745*
- Dealing with Uncertainty *745*

85. Biopsy 747
Bertil Damato, Sarah E Coupland, Heinrich Heimann, Armin Afshar, Carl Groenewald
- Indications *747*
- Contraindications *747*
- Preoperative Care *747*
- Surgical Technique *748*
- Laboratory Aspects *749*
- Postoperative Care *750*
- Specific Instrumentation *750*
- Complications *750*
- Surgical Outcome: Scientific Evidence *751*
- Place of Technique in Surgical Armamentarium *751*

86. Phototherapy 752
Michael Seider, Bertil Damato
- Indications *752*
- Contraindications *755*
- Preoperative Care *755*
- Surgical Technique *755*
- Mechanism of Action *756*
- Postoperative Care *756*
- Specific Instrumentation *756*
- Complications *756*
- Surgical Outcome: Scientific Evidence *757*
- Place of Technique in Surgical Armamentarium *757*

87. Brachytherapy 760
Bertil Damato, Armin Afshar, Richard Jennelle, Jesse Lee Berry, Jonathan Kim
- Indications *760*
- Contraindications *760*
- Preoperative Care *761*

- Surgical Technique for Intraocular Tumors *761*
- Mechanism of Action *764*
- Postoperative Care *765*
- Specific Instrumentation *765*
- Complications *766*
- Surgical Outcome: Scientific Evidence *767*
- Place of Technique in Surgical Armamentarium *768*

88. Proton-beam Radiotherapy 770
Bertil Damato, Armin Afshar, Kavita Mishra

- Indications *770*
- Contraindications *770*
- Preoperative Care *770*
- Surgical Techniques *770*
- Mechanism of Action *772*
- Postoperative Care *773*
- Specific Instrumentation *773*
- Complications *773*
- Surgical Outcome: Scientific Evidence *774*
- Place of Technique in Surgical Armamentarium *774*

89. Stereotactic Photon-beam Radiation 776
Martin Zehetmayer

- Indications *776*
- Contraindications *776*
- Preoperative Care *776*
- Surgical Techniques *776*
- Mechanism of Action *777*
- Postoperative Care *777*
- Specific Instrumentation *777*
- Complications *777*
- Surgical Outcome: Scientific Evidence *777*
- Place of Technique in Surgical Armamentarium *777*

90. Exoresection of Choroidal Melanoma 779
Bertil Damato

- Indications *779*
- Contraindications *780*
- Preoperative Care *780*
- Surgical Technique *780*
- Mechanism of Action *783*
- Postoperative Care *784*
- Specific Instrumentation *784*
- Complications *785*
- Surgical Outcome: Scientific Evidence *785*
- Place of Technique in Surgical Armamentarium *786*

91. Iridocyclectomy 787
Iwona Rospond-Kubiak, Bertil Damato

- Indications *787*
- Contraindications *787*
- Preoperative Care *787*
- Surgical Technique *787*
- Mechanism of Action *790*
- Postoperative Care *790*

- Specific Instrumentation *790*
- Complications *790*
- Surgical Outcome: Scientific Evidence *791*
- Place of the Technique in Surgical Armamentarium *791*

92. Endoresection of Choroidal Melanoma 793
Carl Groenewald, Bertil Damato
- Indications *793*
- Contraindications *793*
- Preoperative Care *794*
- Surgical Technique *794*
- Mechanism of Action *794*
- Postoperative Care *795*
- Specific Instrumentation *795*
- Complications *795*
- Surgical Outcome: Scientific Evidence *795*
- Place of the Technique in Surgical Armamentarium *795*

93. Conjunctival Tumor Excision 797
Nihal Kenawy, Sarah E Coupland, Bertil Damato
- Indications *797*
- Contraindications *797*
- Preoperative Care *797*
- Technique *798*
- Mechanism of Action *799*
- Postoperative Care *799*
- Specific Instrumentation *799*
- Complications *800*
- Surgical Outcome: Scientific Evidence *800*
- Place of the Technique in Surgical Armamentarium *801*

94. Cryosurgery 803
Lazaros Konstantinidis, Bertil Damato
- Indications *803*
- Contraindications *804*
- Preoperative Care *804*
- Surgical Technique *804*
- Mechanism of Action *805*
- Postoperative Care *805*
- Specific Instrumentation *805*
- Complications *805*
- Surgical Outcome: Scientific Evidence *806*
- Place of the Technique in Surgical Armamentarium *806*

95. Enucleation 807
Sachin Salvi, Naz Raoof, Bertil Damato
- Indications *807*
- Contraindications *808*
- Preoperative Care *808*
- Surgical Technique *808*
- Mechanism of Action *813*
- Postoperative Care *813*
- Specific Instrumentation *813*
- Complications *813*
- Surgical Outcome: Scientific Evidence *813*
- Place of the Technique in Surgical Armamentarium *813*

96. Topical Therapy for Conjunctival Tumors 815
Nihal Kenawy, Bertil Damato
- Indications *815*
- Mechanism of Action *815*
- Technique of Application *815*
- Complications *816*
- Outcomes: Scientific Evidence *816*
- Place of the Technique in Surgical Armamentarium *817*

97. Systemic Therapy for Retinoblastoma 821
Laurence Desjardins, Christine Levy-Gabriel, Livia Lumbroso Le-Rouic, Nathalie Cassoux, Isabelle Aerts
- Indications *821*
- Contraindications *821*
- Investigations *821*
- Technique *822*
- Patient Monitoring *822*
- Complications *824*
- Surgical Outcome: Scientific evidence *824*

98. Intra-arterial Chemotherapy for Retinoblastoma 826
Steven Hetts, Bertil Damato, Doris Hadjistilianou
- Indications *826*
- Contraindications *826*
- Preoperative Care *827*
- Surgical Technique *827*
- Mechanism of Action *828*
- Postoperative Care *828*
- Specific Drugs and Instrumentation *829*
- Complications *829*
- Surgical Outcome: Scientific Evidence *832*
- Place of the Technique in Surgical Armamentarium *832*

99. Intravitreal Injections 835
Christina Stathopoulos, Erika Marie Damato, Francis Munier, Bertil Damato
- Indications *835*
- Contraindications *836*
- Preoperative Care *836*
- Technique *836*
- Mechanism of Action *838*
- Postoperative Care *838*
- Specific Instrumentation *839*
- Complications *839*
- Outcome: Scientific Evidence *839*
- Place of the Technique in Surgical Armamentarium *840*

SECTION 8 EXTRAOCULAR MUSCLE SURGERIES 843–924

Section Editors: **Aparna Ramasubramanian, Deborah K Vanderveen**

100. Principles of Strabismus Surgery 845
Ahmed Kassem, Aparna Ramasubramanian, Deborah K Vanderveen
- Preoperative Evaluation *845*
- Anesthesia for Strabismus Surgery *846*
- Forced Duction Test *846*

- Instruments for Strabismus Surgery *846*
- Sutures and Needles for Strabismus Surgery *848*
- Incision *848*
- Securing Muscle *849*
- Scleral Pass *849*
- Mechanism of Action of Strabismus Surgery *849*

101. Anatomical Considerations 851
Richard L Levy, Erica L Oltra
- Surgical Anatomy *851*
- Pulley System *856*
- Extraocular Muscle Microanatomy *857*
- Vascular Supply to the Extraocular Muscles *857*
- Growth Considerations *858*

102. Rectus Muscle Recession 860
Marielle P Young
- Incision *860*
- Muscle Recession *861*
- Myotomy *862*
- Conjunctival Closure *862*
- Special Considerations *863*
- Kestenbaum–Anderson Procedure *864*

103. Rectus Muscle Resection 866
Julius Oatts, Sudha Nallasamy
- Horizontal Rectus Muscle Resection *866*
- Vertical Rectus Muscle Resection *866*
- Surgical Technique *867*
- Alternative "Strengthening" Procedures *870*

104. Faden Operation 872
Melanie Kazlas
- Mechanism of Action *872*
- Indications *872*
- Surgical Technique *875*
- Selected Complications *876*
- Faden Operation Analogs *876*

105. Inferior Oblique Muscle Surgery 880
Ankoor S Shah, Aristomenis Thanos, Marissa H Lynn, Mary-Magdalene Ugo Dodd
- Indications *880*
- Contraindications *880*
- Surgical Technique *880*
- Mechanism of Action *884*
- Complications *885*
- Surgical Outcomes: Scientific Evidence *885*
- Place of the Technique in Surgical Armamentarium *886*

106. Superior Oblique Surgery 889
Christopher M Fecarotta, Jonathan H Salvin
- Indications *889*
- Contraindications *889*
- Surgical Technique for Weakening Procedures *890*
- Surgical Technique for Strengthening Procedures *891*

- Postoperative Care *892*
- Complications *893*
- Place of the Procedures in Surgical Armamentarium *894*

107. Adjustable Sutures 895
Bharti Nihalani-Gangwani

- Indications *895*
- Anesthesia and Analgesia *896*
- Surgical Technique *896*
- Do Adjustable Sutures Increase the Success Rates? *897*
- Optional and Delayed Suture Adjustment *897*
- My Preferred Surgical Technique *897*
- Adjustment *899*
- Special Circumstances *900*
- Advantages and Disadvantages *901*
- Postoperative Drift *901*
- Complications *901*

108. Transposition Surgery 904
Manoj V Parulekar

- Anatomical Considerations and Principle behind Transpositions *904*
- History *904*
- Indications *905*
- Assessment of Suitability of Transposition Procedures *906*
- Surgical Technique *906*
- Complications and their Management *907*

109. Complications of Strabismus Surgery 909
Aparna Ramasubramanian, Ashwin Mallipatna

- Nonocular Complications *909*
- Intraoperative Ocular Complications *910*
- Intraoperative Muscle Complications *911*
- Globe Perforation *911*
- Scleral Wound *912*
- Hemorrhage *912*
- Postoperative Complications *912*
- Dellen *912*
- Wound Complications *912*
- Refractive Changes *913*
- Infections *913*
- Anterior Segment Ischemia *914*
- Strabismus Outcome *914*

110. Chemosurgery for Strabismus 917
Mohammad Ali A Sadiq

Botulinum Toxin *917*

- Mechanism of Action *917*
- Ocular Indications *917*
- Contraindications *918*
- Surgical Technique *918*
- Effect on Alignment *919*
- Postoperative Care *920*
- Proposed Follow-up Time after Injection *920*
- Complications *920*
- Outcomes after Botulinum Injection *920*

Bupivacaine ***921***
- Mechanism of Action *921*
- Ocular Indications *921*
- Contraindications *921*
- Surgical Technique *922*
- Effect on Alignment *922*
- Postoperative Care *922*
- Complications *922*

SECTION 9 OPEN GLOBE INJURIES 925–950

Section Editor: Rupesh Agrawal

111. Globe Injuries: Evaluation and Management 927
Rupesh Agrawal, Sumita Phatak, Parul Ichhpujani
- Evaluation of a Patient with Open Globe Injury *927*
- Initial Management *936*
- Surgical Repair *936*
- Postoperative Care *942*

112. Management of Cyclodialysis 944
Kevin J Warrian
- Evaluation *945*
- Nonsurgical Management *946*
- Surgical Management *946*

SECTION 10 THE PRACTICE OF OPHTHALMIC SURGERY 951–964

Section Editor: George L Spaeth

113. Informed Choice versus Informed Consent 953
George L Spaeth
- Consent versus Choice *953*
- Toward a Paradigm of Informed Choice *954*
- Revisiting the Case Scenarios *955*
- Healthcare Professional's Perspective *955*

114. Medicolegal Issues 957
George L Spaeth
- Preventing an Action from Being Brought *957*
- Avoiding Being Held Negligent If Named in an Action *958*
- Steps That Help Protect a Physician from Being Held Negligent if a Suit is Brought Against Him or Her *959*

115. Ethics of Surgery 961
George L Spaeth, Parul Ichhpujani
- How to Determine What Is "Ethical"? *961*
- Is there a Solution to Address the Ethical Dilemmas? *962*
- Principles of Medical Ethics *962*
- Determination of Necessity of a Procedure *962*

Index 965
