Competency Based Logbook for Medical Physiology

Salient Features

- This logbook is revised as per the revised competency based medical education (CBME) curriculum by the National Medical Commission (NMC) in 2024 and includes all required competencies in Physiology for MBBS students.
- It serves as a comprehensive academic tool to document learning activities, skill acquisition, and reflective practices throughout the course.
- Sincere and consistent entries in the logbook encourage self-directed learning, critical thinking, and professional development.
- Completion of this logbook is mandatory for fulfilling the Physiology curriculum and will be periodically reviewed by faculty for assessment purposes.

Manjinder Kaur MD (Physiology) FAIMER Fellow MNAMS is the Head, Department of Physiology and Additional Principal at Geetanjali Medical College and Hospital, Udaipur, Rajasthan, India. She is an eminent physiologist and medical educationist, having authored several publications in the field of "Physiology and Medical Education". Her another books *Comprehensive Workbook of Practical and Applied Physiology* and *Early Clinical Exposure: A Case Based Approach in Clinical Physiology* has been widely appreciated by the faculty and students alike.

Naren Kurmi MBBS MD (Physiology) is a Professor, Department of Physiology at Geetanjali Medical College and Hospital, Udaipur, Rajasthan, India. He did his MBBS from RNT Medical College, Udaipur. He completed his MD (Physiology) from Kasturba Medical College, Mangaluru, Karnataka, India. He had 4 years' experience as an Assistant Professor and 3 years' experience as an Associate Professor. He has been involved in research associated with cognitive physiology. He is the co-author of *Comprehensive Workbook of Practical and Applied Physiology* and *Early Clinical Exposure: A Case Based Approach in Clinical Physiology.*
