Preface v

Contributors xi

Acknowledgements xv

Chapter 1
Fractures of the proximal humerus: anatomy, classification, and surgical approaches 1
John-Erik Bell

Chapter 2
Percutaneous treatment of proximal humerus fractures 7
Bob Yin, Christopher S. Ahmad

Chapter 3
Arthroscopically assisted open reduction and internal fixation of fractures of the proximal humerus, glenoid, and acromion 19
Felix H. Savoie III

Chapter 4
Open reduction and internal fixation of fractures of the greater and lesser tuberosities 25
Jeffrey N. Bair, Ilya Voloshin

Chapter 5
Open reduction and internal fixation of fractures of the surgical neck 33
Andrew Kai-Hong Chan, Edwin R. Cadet

Chapter 6
Open reduction and internal fixation of three- and four-part fractures of the proximal humerus 41
Eric T. Ricchetti, Gerald R. Williams, Jr

Chapter 7
Open reduction and internal fixation of fractures of the proximal humerus: the anterolateral acromial approach 51
Michael J. Gardner

Chapter 8
Percutaneous plate fixation of fractures of the proximal humerus 61
G. Yves Laflamme

Chapter 9
Intramedullary nail fixation of fractures of the proximal humerus 75
Clifford B. Jones, Jeffrey M. Bradley

Chapter 10
Hemiarthroplasty for four-part fractures of the proximal humerus 85
Todd C. Moen, Louis U. Bigliani

Chapter 11
Reverse shoulder arthroplasty for four-part fractures of the proximal humerus 93
Todd C. Moen, William N. Levine

Chapter 12
Operative treatment of non-union of the proximal humerus 103
Peter S. Johnston, Matthew L. Ramsey

Chapter 13
Operative management of malunions of the proximal humerus 111
Jason D. Doppelt, Eric T. Ricchetti, Peter J. Evans, Joseph P. Iannotti

Chapter 14
Operative management of locked anterior and posterior dislocations 123
Clayton Riley, T. Bradley Edwards

Chapter 15
Operative management of fractures of the scapula 131
Peter A. Cole, Aaron R. Jacobson

Chapter 16
Open reduction and internal fixation of fractures of the clavicle 143
Trevor R. Gaskill, Jared T. Lee, Robert E. Boykin, Olivier A. J. van der Meijden, Peter J. Millett

Chapter 17
Operative treatment of injuries of the acromioclavicular joint 151
Knut Beitzel, Thomas J. S. Durant, Augustus D. Mazzocca

Chapter 18
Elbow anatomy and surgical approaches 159
Andrew S. Neviaser, Bradford O. Parsons

Chapter 19
Arthroscopic treatment of fractures of the elbow 165
Michael R. Hausman

Chapter 20
Management of radial head and neck fractures 179
Lauren H. Redler, Stephanie H. Hsu, William N. Levine

Chapter 21
Fractures of the capitellum 189
Shahryar Ahmadi, Scott P. Steinmann

Chapter 22
Fractures of the coronoid process 195
Thomas S. Obermeyer, Guido Marra

Chapter 23
Fractures of the olecranon 203
Daniel G. Schwartz, Bradley R. Merk, Sara L. Edwards

Chapter 24
Open reduction and internal fixation of fractures of the distal humerus 207
Michael S. Ferrell, Douglass E. Stull, Patrick M. Connor

Chapter 25
Management of 'terrible triad' injuries 215
Ash K. Moaveni, George S. Athwal

Chapter 26
External fixators for the management of elbow instability 223
Surbhi Panchal, Anand M. Murthi

Chapter 27
Reconstruction of non-unions of the distal humerus 229
Marco Vennettilli, Graham J .W. King

Chapter 28
Reconstruction of malunions of the distal humerus 241
Reza Omid, Leesa M. Galatz

Chapter 29
Total elbow replacement for elbow fractures 247
Bernard F. Morrey, Joaquin Sanchez-Sotelo

Index 257
