Contents

Section 1: Nervous System
1.1 Cerebral Palsy ***1***
1.2 Floppy Infant ***12***
1.3 Hemiplegia ***22***
1.4 Paraplegia and Quadriplegia ***26***
1.5 Acute Flaccid Paralysis ***29***
1.6 Meningoencephalitis ***36***
1.7 Ataxia ***43***
1.8 Neurodegenerative Disorders ***49***
1.9 Muscular Dystrophy ***51***
1.10 Neural Tube Defects ***57***
1.11 Large Head ***62***
1.12 Microcephaly ***70***

Section 2: Cardiovascular System
2.1 Rheumatic Heart Disease ***75***
2.2 Congenital Heart Disease ***86***
2.3 Cardiomyopathy ***99***

Section 3: Gastrointestinal System
3.1 Hepatosplenomegaly ***102***
3.2 Neonatal Cholestasis Syndrome ***126***

Section 4: Respiratory System
4.1 Pleural Effusion and Pneumothorax ***132***

Section 5: Nephrology
5.1 Nephrotic Syndrome ***144***

Section 6: Skeletal System
6.1 Short Stature ***154***
6.2 Rickets ***164***

Section 7: Nutrition
7.1 Protein Energy Malnutrition ***173***

Section 8: Dysmorphology

8.1 Genetic Counselling ***195***
8.2 Down Syndrome ***198***
8.3 Turner Syndrome ***203***
8.4 Noonan Syndrome ***204***
8.5 Klinefelter Syndrome ***205***
8.6 Marfan Syndrome ***205***

Section 9: Neonatology

9.1 Newborn Examination ***207***
9.2 Neonatal Jaundice ***211***
9.3 Small for Date Baby ***214***
9.4 Preterm Neonate ***215***
9.5 Infant of Diabetic Mother ***218***
9.6 Multiple Pregnancies ***219***

Section 10: Spot Cases

10.1 Conjunctival Xerosis / Bitot's Spot ***222***
10.2 Riboflavin Deficiency ***222***
10.3 Scurvy ***223***
10.4 Mucopolysaccharidosis ***223***
10.5 Juvenile Rheumatoid Arthritis (JRA) ***224***
10.6 BCG Adenitis and TB Lymphadenopathy ***224***
10.7 Congenital Syphilis ***224***
10.8 Herpes Simplex ***226***
10.9 Cleft Lip and Palate ***226***
10.10 Petechial Rash ***227***
10.11 Bladder Exstrophy ***227***
10.12 Hypospadius ***227***
10.13 Micropenis ***227***
10.14 Undescended Testis ***228***
10.15 Hirsutism ***228***
10.16 Acromegaly ***228***
10.17 Precocious Puberty ***228***
10.18 Hypothyroidism ***229***
10.19 Cushing Syndrome ***229***
10.20 Ambiguous Genitalia ***229***
10.21 Congenital Adrenal Hyperplasia ***231***
10.22 Neurofibromatosis (NF) ***231***

10.23 Tuberous Sclerosis ***232***
10.24 Sturge-Weber Syndrome ***232***
10.25 Strabismus ***232***
10.26 Nystagmus ***233***
10.27 Facial Nerve Palsy ***234***
10.28 Lesion of 3rd, 4th and 6th Cranial Nerves ***234***
10.29 Horner Syndrome ***234***
10.30 Exophthalmus ***234***
10.31 Erythema Multiforme ***235***
10.32 Tinea Versicolor ***235***
10.33 Maculopapular Rash ***235***
10.34 Limp ***236***
10.35 Talipes Equinovarus ***236***
10.36 Torticollis ***237***
10.37 Osteogenesis Imperfecta ***237***
10.38 Cystic Hygroma ***237***
10.39 Caffey Disease ***238***
10.40 Sacrococcygeal Teratoma ***238***
10.41 Erb's Palsy ***238***
10.42 Klumpke's Palsy ***239***
10.43 Umbilical Hernia ***239***
10.44 Exomphalos or Omphalocele ***239***
10.45 Congenital Dislocation of Hips ***239***
10.46 Cephalhematoma/Caput Succedaneum ***240***
10.47 Sternomastoid Tumor ***240***
10.48 Mongolian Spots ***240***
10.49 Portwine Stain ***240***
10.50 Hemangioma ***241***
10.51 Bullous Skin Lesion ***241***
10.52 Ichthyosis ***241***

Section 11: Pediatric Emergencies

11.1 Acute Renal Failure ***243***
11.2 Hypernatremia ***246***
11.3 Hyponatremia ***249***
11.4 Hypo and Hyperkalemia ***250***
11.5 Shock ***252***
11.6 Coma ***256***
11.7 Raised Intracranial Pressure ***257***

11.8 Diabetic Ketoacidosis ***258***
11.9 Status Epilepticus ***261***
11.10 Status Asthmaticus ***263***
11.11 Hypertensive Emergency ***265***
11.12 Congestive Cardiac Failure ***266***
11.13 Supraventricular Tachycardia ***267***
11.14 Hepatic Encephalopathy ***269***
11.15 Upper GI Bleed ***271***
11.16 Anaphylaxis ***273***
11.17 Scorpion Envenomation ***274***
11.18 Snake Bite ***275***
11.19 Near Drowning ***277***
11.20 Burns ***278***
11.21 Hyperpyrexia ***280***
11.22 Paracetamol Poisoning ***281***
11.23 Oncologic Emergencies ***282***
11.24 Kerosene Inhalation ***284***
11.25 Organophosphorus Poisoning ***284***

Section 12: Neonatal Emergencies
12.1 Neonatal Seizure ***287***
12.2 Hypoglycemia ***288***
12.3 Neonatal Hemorrhage ***289***
12.4 Neonatal Apnea ***289***
12.5 Meconium Aspiration Syndrome ***290***
12.6 Air Leak ***291***
12.7 Necrotising Enterocolitis ***292***

Section 13: Instruments
13.1 Clinical Thermometer ***294***
13.2 Ventilation Bag ***295***
13.3 Laryngoscope ***296***
13.4 Endotracheal Tube ***296***
13.5 Laryngeal Mask Airway ***297***
13.6 Feeding Tube ***298***
13.7 Lact-aid Supplement ***298***
13.8 Simple Rubber Catheter ***299***
13.9 Bone Marrow Aspiration Needle ***299***
13.10 Liver Biopsy Needle ***303***

13.11 Kidney Biopsy ***304***
13.12 CSF Aspiration Needle ***305***
13.13 Inhalation Therapy ***307***
13.14 Peak Flow Meter ***309***
13.15 Pulmonary Function Tests ***310***

Section 14: Drugs
14.1 Sodium Bicarbonate ***312***
14.2 Calciun Gluconate ***313***
14.3 Potassium Chloride ***314***
14.4 25% Dextrose ***315***
14.5 Adrenaline ***315***
14.6 Atropine ***316***
14.7 Frusemide ***316***
14.8 Digoxin ***317***
14.9 Aminophyllin ***318***
14.10 Hydrocortisone ***318***
14.11 Dexamethasone ***319***
14.12 Dopamine ***319***
14.13 Dobutamine ***319***
14.14 Naloxone ***320***
14.15 Milrinone ***321***
14.16 Diazepam ***321***
14.17 Lorazepam ***322***
14.18 Midazolam ***322***
14.19 Phenobarbitone ***323***
14.20 Phenytoin ***323***
14.21 Mannitol ***324***

Section 15: Ancillaries
15.1 Pediatric X-ray ***325***
15.2 CT Scan and MRI ***327***
15.3 Pediatric ECG ***328***
15.4 Blood Gas Analysis ***330***
