CONTENTS

Synopsis on Osteology of Thorax, Abdomen and Pelvis 361
Pelvis 373
Thorax 379
Pleura 399
Lungs 406
Trachea 413
Pericardium 426
Heart 431
Thoracic Aorta 453
Oesophagus 466
Thoracic Duct and Veins in the Thorax 477
Thymus 486
Sympathetic Chain 489
Intervertebral Joints 491
The Perineum 494
Anal Triangle 495
Ischio-Rectal Fossa 496
Anal Canal 500
Urogenital Triangle 502
Deep Perineal Pouch 508
Penis 511
Female Perineum 519
Abdomen 522
Muscles of the Anterior Abdominal Wall 529
Hernia 542
Spermatic Cord 550
Testis 551
Epididymis 557
Abdominal Cavity and Peritoneum 558
Spleen 569
Liver 573
Gallbladder 582
Duodenum 587
Pancreas 593
Portal Vein 598
Posterior Abdominal Wall 602
Kidneys and Suprarenal Glands 605

Suprarenal Glands **612**
Ureter **615**
Small Intestine **620**
Abdominal Aorta **636**
Inferior Vena Cava **639**
Lumbar Plexus **643**
Coeliac Ganglion **644**
Diaphragm **645**
Pelvis **649**
Anal Canal **660**
Urinary Bladder **666**
Prostate **673**
Vas Deferens **677**
Seminal Vesicles **679**
Female Genital Organs **680**
Vagina **689**
Uterine Tubes **691**
Ovary **693**
Urethra **695**
Internal Iliac Artery **697**
Internal Iliac Vein **702**
Sacral Plexus **703**
Joints of the Pelvis **705**
Muscles of the Back **707**
Lumbar Fascia **708**
Surface Marking of Important Structures **709**
Clinical Pictures **710**
Multiple Choice Questions *716*
