Contents

PART A—ANATOMY AND PHYSIOLOGY

1. Cell 3
2. Musculoskeletal or Locomotor System 11
3. Skin 38
4. Gastrointestinal/Digestive or Alimentary System 41
5. Food and Nutrition 78
6. Respiratory System 102
7. Hematologic System 125
8. Cardiovascular System 149
9. Nervous System 179
10. Endocrine System 223
11. Excretory (Urinary) System 239
12. Reproductive System 247
13. Embryology 255
14. Special Senses 266
15. Miscellaneous 277

PART B—BIOCHEMISTRY

16. Carbohydrates 297
17. Amino Acids and Proteins 302
18. Lipids and Nucleic Acids 312
19. Enzymes 323
20. Metabolism of Fuel Molecules 329
21. Metabolism of Nitrogen-containing Compounds 347
22. Vitamins 357
23. Minerals 365
24. Nutrition and Dietetics 369
25. Specialized Tissues—Blood, Kidney and Liver 377
