Contents

Section 1: General

1. Embryology of the Eye 3
2. History Taking and Examination 7

Section 2: Conjunctiva

3. Conjunctiva 25

Section 3: Cornea

4. Microbial Keratitis 39
5. Herpetic Keratitis 43
6. Fungal and Acanthamoeba Keratitis 50
7. Corneal Dystrophies 58
8. Corneal Ectasias 66
9. Intrastromal Corneal Ring Segments 70
10. Collagen Cross-linking 72
11. Peripheral Ulcerative Keratitis 74
12. Chemical Injuries 80
13. Eye Banking 86
14. Penetrating Keratoplasty 93
15. Lamellar Keratoplasty 105
16. Amniotic Membrane and Limbal Cell Transplant 110
17. Tumours of Conjunctiva and Cornea 121
18. Refractive Surgery 128
19. LASIK 136

Section 4: Glaucoma

20. Glaucoma 151
21. Mechanism of Glaucoma 153
22. Primary Open Angle Glaucoma 157
23. Normal Tension Glaucoma 162
24. Ocular Hypertension 164
25. Primary Angle Closure Glaucoma 165
26. Pseudoexfoliation and Pigment Dispersion Syndromes 167
27. Post-traumatic and Inflammatory Glaucoma 171

28. Other Secondary Glaucomas 179
29. Childhood Glaucoma 183
30. Automated Perimetry 190
31. Special Forms of Perimetry 197
32. Scanning Laser Polarimetry 201
33. Confocal Scanning Laser Ophthalmoscope 204
34. Optical Coherence Tomography in Glaucoma 207
35. Medical Management of Glaucoma 212
36. Laser Treatment in Glaucoma 222
37. Trabeculectomy 230
38. Non-Penetrating Glaucoma Surgeries 237
39. Anti-Fibrotic Agents in Glaucoma Surgery 243
40. Glaucoma Drainage Devices 247

SECTION 5: Lens

41. Cataract 257
42. Presentation of Cataract and Assessment 272
43. Paediatric Cataract 275
44. Ectopia Lentis 287
45. Phacodynamics and Phacofluidics 298
46. Phaco Future 303

SECTION 6: Dry Eye

47. Dry Eye 309

SECTION 7: Oculoplasty

48. Lacrimal System and Evaluation of Watering 319
49. Anatomy of Lid and Ptosis 332
50. Ectropion and Entropion 343
51. Tumours of Eyelid 346
52. Thyroid Eye Disease 353
53. Orbital Inflammatory Disease 358
54. Preseptal and Orbital Cellulitis 363
55. Tumours of the Orbit 366
56. Orbital Surgery 384

SECTION 8: Neuro-Ophthalmology

57. Congenital Disc Anomalies 397
58. Ischaemic Optic Neuropathy and Diabetic Papillopathy 406
59. Optic Disc Oedema 410
60. Inflammatory Optic Neuropathies 414

61. Optic Atrophy 420
62. Pupil 424
63. Nystagmus 432
64. Cranial Nerve Palsies 439
65. Chiasmal Syndromes 447
66. Disorders of Higher Visual Function 451
67. Functional Visual Disorders 456
68. Phakomatoses 463

Section 9: Squint

69. Esotropia 471
70. Exotropia 479
71. Dissociated Vertical Deviation and Inferior and Superior Oblique Overaction 486
72. Duane's Syndrome 495
73. Brown's Syndrome 500

Section 10: Uvea

74. Uveitis 505
75. Anterior Uveitis 521
76. Intermediate Uveitis 532
77. Panuveitic Conditions 538
78. Posterior Uveitis I 543
79. Posterior Uveitis II 558
80. Ocular Findings in AIDS 572
81. White Dot Syndromes 575

Section 11: Retina

82. ARMD 583
83. Central Serous Retinopathy 598
84. Macular Hole 603
85. Degenerative Myopia 607
86. Spectral Domain OCT 610
87. Electrophysiologic Tests 615
88. Rod Dystrophies 626
89. Congenital Stationary Night Blindness and Cone Dystrophies 633
90. Hereditary Fundus Dystrophies 636
91. Diabetic Retinopathy 646
92. Retinal Artery Occlusion 659
93. Retinal Vein Occlusion 665
94. Retinal Telangiectasias 675

95. ROP 682
96. Retinal Detachment 691
97. Management of Retinal Detachment 701
98. Vitrectomy 710
99. PVR 725
100. Dislocated Lens and IOL 729
101. Vitreous Substitutes 733
102. Retinoblastoma 742
103. Choroidal Melanoma 757

SECTION 12: Miscellaneous

104. Mnemonics in Ophthalmology 767
105. Clinical Trials in Ophthalmology 778

Index 801
