# Contents

## Section One: PHYSIOLOGY

**1. Neuroendocrinology of Reproduction ..... 3**

*Hassan N Sallam, Botros Rizk*

- The Hypothalamus 4
- The Anterior Pituitary 7

**2. Steroid Hormones in Reproduction ..... 10**

*Hassan N Sallam, Botros Rizk*

- Chemistry 10
- Biosynthesis of Ovarian Steroids 12
- Cellular Origin of Ovarian Steroids 12
- Blood Transport of Steroids 14
- Mechanism of Action of Steroid Hormones 14
- Metabolism and Excretion 14

**3. Folliculogenesis, Ovulation and Luteinization ..... 17**

*Hassan N Sallam, Botros Rizk*

- Origin of the Germ Cells 17
- Folliculogenesis 18
- Ovulation 19
- Luteal Phase 21

**4. Regulation of the Menstrual Cycle ..... 23**

*Hassan N Sallam, Botros Rizk*

**5. Spermatogenesis, Sperm Maturation and Transport ..... 26**

*Hassan N Sallam, Botros Rizk*

- Anatomical Considerations 27
- Hypothalamic-Pituitary-Testicular Axis 27
- Spermatogenesis 28
- Sperm Transport, Maturation and Storage 30
- Sperm Structure 30

**6. Fertilization and Implantation ..... 33**

*Hassan N Sallam, Botros Rizk*

- Gamete Transport 33
- Sperm Capacitation 34
- Acrosome Reaction 34
- Attachment and Binding of the Sperm to the Zona Pellucida 34
- Penetration of the Zona Pellucida by the Sperm 34
- Fusion of the Sperm with the Vitellus 35
- Prevention of Polyspermy 35
- Pronucleus Formation 35
- Cell Division 36

- Further Development 36
- Implantation 36

**7. Pituitary Expression of Chorionic Gonadotropin in New World Primates ..... 38**

*A Vasauskas, AM Schuler, M Olatinwo, JG Scammell*

- Luteinizing Hormone 38
- LH Receptor 40
- Expression of Chorionic Gonadotropin in New World Primate Pituitary Glands 40
- Chorionic Gonadotropin 40
- Of Mice and Men 41

**Section Two: INFERTILITY**

**8. Infertility: An Overview ..... 47**

*Hassan N Sallam, Botros Rizk*

- Causes of Infertility 47
- Fertile Period 50
- Evaluation of Infertility Treatments 50
- Evidence-based Reproductive Medicine 51

**9. Hypothalamic Pituitary Dysfunction: Effect on Human Reproduction ..... 53**

*S Badawy, S Montgomery*

- Physiology 53
- Hypothalamic Lesions Leading to Hypopituitarism 54
- Hypothalamic Hypopituitarism 54
- Primary Hypopituitarism 57
- Idiopathic Hypopituitarism 59

**10. Disorders of Ovulation ..... 63**

*Hassan N Sallam, Botros Rizk*

- Etiology 63
- Evaluation of the Ovulation Factor 64
- Classification and Clinical Entities Anovulatory Disorders 66
- Management of Patients with Anovulatory Disorders 68
- Treatment of Ovulatory Disorders 68

**11. Male Factors in Infertility ..... 79**

*Hassan N Sallam, Botros Rizk*

**12. The Cervical Factor in Infertility ..... 96**

*Hassan N Sallam, Botros Rizk*

- The Cervix and its Mucus 97
- Role of the Cervix in Infertility 98
- Cervical Causes of Infertility 98
- Evaluation of the Cervical Factor 100
- Management of the Cervical Factor 102

**13. The Tubal Factor in Infertility ..... 105**
*Hassan N Sallam, Botros Rizk*
- Functional Anatomy of the Fallopian Tubes 105
- Etiology of Tubal Infertility 107
- Evaluation of the Tubal Factor 107
- Management of Tubal Disease 112

**14. Microlaparoscopy in the Evaluation of Infertility: New Horizons ..... 122**
*Oscar D Almeida Jr*
- Awake Microlaparoscopy Protocol 123
- Microlaparoscopic Ovarian Drilling 124
- Single Port Access: The Latest Panacea 125

**15. The Uterine Factor in Infertility ..... 126**
*Hassan N Sallam, Botros Rizk*
- Uterine Causes of Infertility 126
- Treatment 133

**16. Endometriosis-associated Infertility ..... 135**
*Hassan N Sallam, Botros Rizk, Juan A Garcia-Velasco*
- Possible Causes of Infertility in Patients with Pelvic Endometriosis 135
- Diagnosis 136
- Treatment 136

**17. Unexplained Infertility ..... 142**
*Hassan N Sallam, Botros Rizk*
- Definition 142
- Possible Causes of Unexplained Infertility 142
- Management of Unexplained Infertility 144

**18. Hyperprolactinemia ..... 146**
*Hany F Moustafa, John Isaak, Botros Rizk*
- Hyperprolactinemia and Infertility 146
- Causes of Hyperprolactinemia 147
- Clinical Presentation of Hyperprolactinemia 148
- Evaluation 149
- Management of Hyperprolactinemia 149
- Medical Treatment 150
- Therapeutic Efficacy 152
- Duration of Treatment 152
- Operative and Radiation Therapy 152

**19. Emotional Factors in Infertility and its Treatment ..... 157**
*M Cay Welsh, E Labbé*
- Defining Emotional Factors 157
- Possible Biological Mechanisms of Stress and Infertility 158
- Pre-treatment Emotional Factors 158
- Stress and Infertility Treatment 159

**20. The Interaction between Mood Disorders and Infertility ..... 165**
*Nagy Youssef, Botros Rizk, Diana Decotis, Youssef Rezk*
• Possible Interactions between Stress, Depression and Infertility 167

**21. Psychological Interactions in Couples Undergoing Infertility Treatment ..... 175**
*Hassan N Sallam, Botros Rizk*
• The Effect of Psyche on Fertility 175
• The Effect of Infertility on the Psyche 176
• The Psychological Management of the Infertile Couple 176
• Counseling 177
• Support Groups 177
• Adoption 177

**22. Infertility in Endometriosis: Is the Problem in the Endometrium or Oocytes? ..... 178**
*Botros Rizk, John Isaak, Juan A Garcia-Velasco, Hassan N Sallam*
• Pathophysiology of Infertility in Patients with Endometriosis 178
• How Can Endometriosis Surgery Affect IVF Outcome? 185
• Assisted Reproductive Technology in Patients with Endometriosis 185

**23. Medical Management of Endometriosis: Current Management ..... 191**
*Botros Rizk, John Isaak, Edgardo Somigliana, Juan A Garcia-Velasco*
• Oral Contraceptive Pills 191
• Progestogens and Antiprogesterones 192
• Gonadotrophin-releasing Hormone Agonist 197
• Anti-inflammatory Agents 197

**24. Medical Management of Endometriosis: Future Trends ..... 201**
*Botros Rizk, Juan A Garcia-Velasco, Sheri A Owens*
• Selective Progesterone Receptor 201
• Modulators (SPRMS) 201
• Aromatase Inhibitors 202
• Antiangiogenesis Therapy 203
• Herbal Medicines in the Treatment of Endometriosis 205
• Statins 206
• Stem Cells: Does it Have a Place in the Medical Management of Endometriosis? 206

**25. Practical Evaluation of Hormonal Status ..... 209**
*Hassan N Sallam, Ramy Ahdy Bolis, Botros Rizk*
• Biological Approaches 209
• Biochemical Approaches 214
• Biophysical Approaches 215

**26. Hormonal Assays ..... 220**
*Hassan N Sallam, Michael Shalaby, Sarah Ahdy Bolis, Peter Alexander Meikheil, Botros Rizk*
• The Principle of Binding Assays 221
• Validation of Hormonal Assays 224
• Immunometric Technique 226

**Section Three: ASSISTED REPRODUCTIVE TECHNOLOGY**

**27. Assisted Conception: An Overview ..... 229**
*Hassan N Sallam, Botros Rizk*

**28. Intrauterine Insemination ..... 235**
*Hassan N Sallam, Botros Rizk*
- Indications 236
- Stimulation Protocols 236
- Semen Processing 237
- Timing of Insemination 240
- Technique 240
- Results 240

**29. *In Vitro* Fertilization and Related Techniques ..... 242**
*Hassan N Sallam, Botros Rizk*
- Indications 242
- Ovarian Stimulation 243
- Timing of Oocyte Retrieval 245
- Techniques of Oocyte Retrieval 246
- *In Vitro* Fertilization 247
- Gamete and Zygote Intrafallopian Transfer (GIFT and ZIFT) 251

**30. Intracytoplasmic Sperm Injection and Related Techniques ..... 256**
*Hassan N Sallam, Botros Rizk, Chris A Huff*
- Assisted Reproduction in Male Infertility 256
- Indications of ICSI 257
- Pre-requisites of Micromanipulation 258
- Technique of ICSI 259
- Results 260
- Assisted Hatching 260

**31. Treatment of Severe Ovarian Hyperstimulation Syndrome ..... 262**
*Botros Rizk, Mostafa Abuzeid*
- Clinical and Biochemical 264
- Monitoring in Hospital 264
- Medical Treatment 265
- Surgical Treatment 269

**32. Cryopreservation of Embryos, Oocytes and Spermatozoa ..... 272**
*Hassan N Sallam, Botros Rizk, Osama Z Nagib, Tamer Dafashy*
- Cryopreservation of Embryos 272
- Cryopreservation of Spermatozoa 276
- Cryopreservation of Oocytes 276

**33. Preimplantation Genetic Diagnosis ..... 279**
*Hassan N Sallam, Sarah Ahdy Bolis, Botros Rizk*
- Source of Material for Genetic Diagnosis 280
- Laboratory Methods 281

**34. My Doctor Thinks I Need IVF, Now What? ..... 283**
*Ruth Kennedy, Jennifer Lambert*
- What is IVF? 283
- Getting Started 284
- Consent 285
- Cost 285
- Where do I Get My Medication? 285
- What can I do to Help My Body Better Perform? 285
- Treatment 288
- Testing 290
- Trigger Injection 290
- The IVF Procedure 290
- Patient Task List 296

**35. Molecular Biology in Infertility and Assisted Reproduction ..... 300**
*Hassan N Sallam, Botros Rizk*
- The Human Genome 300
- Techniques in Molecular Biology 301
- The Human Genome Project 303

**36. The Immunobiology of 37kDa Oncofetal Antigen/Immature Laminin Receptor Protein—a Universal Tumor Immunogen ..... 305**
*Joseph H Coggin Jr, Adel L Barsoum, James W Rohrer, Paul O Schwarzenberger*
- Immune Responses against Tumors 306
- Host Cytotoxic T-cell Responses 307
- How does OFA differ from CEA, and AFP and Other So-called Carcinoembryonic Proteins? 308
- Background Summary of OFA/iLRP 308
- Self-Antigens and Tumor Immunotherapy Trials 309
- Summary of Tumor-Associated Antigens vs Tumor Rejection Immunogens 309
- Summary of Current Results Using OFA/ILRP in Human Cancer Systems 310

**37. Oxidative Stress and its Role in Endometriosis—Mechanistic and Therapeutic Implications ..... 316**
*Sajal Gupta, Rathna S Shenoy, Joelle Safi, Aarti Gaglani, Ashok Agarwal*
- Etiology of Endometriosis 317
- Role of Oxidative Stress in Endometriosis 317
- Role of NF-κB Transcription Factor 318
- Implantation and Angiogenesis Factors 318
- Antioxidants and Different Treatment Options in Endometriosis 319
- Role of Cytokines 319
- Role of Iron 320
- Role of Nitric Oxide 321
- Endometriosis and Ovarian Malignancy 322

**38. Fertility Preservation in Female Cancer Patients ..... 326**
*Mohamed Ali Bedaiwy, Ahmed MA Nasr, William W Hurd*
- Ontogeny of Human Oogenesis 327
- Premature Ovarian Failure (POF) Induced by Anticancer Therapy 327
- Fertility Preservation in Women: When is it Indicated ? 328

• Strategies for Fertility Preservation 329
• Cryopreservation and Ovarian 331
• Tissue Transplantation 331
• The Concept of Vascular Grafts in Animal Models 332
• Vascular Grafts in Human Trials 332
• Heterologous Ovarian Transplantation 333
• In Vitro Maturation of Oocytes (IVM) 334

**39. Non-Obstructive Azoospermia: Evaluation and Management ..... 339**
*Ibrahim Fahmy*
• Etiology 339
• Diagnosis of Non-obstructive Azoospermia (NOA) 341
• Treatment of NOA 344
• Concluding Remarks 347

**40. Evaluation of the Role of Fibroids in ART Outcome ..... 350**
*Gautam A Allahbadia*
• Rationale 351
• Clinical Discussion 352
• Recent Advances 355

**41. IVF in Transplant and Cardiac Patients ..... 358**
*James Hole*
• Patients with Renal Disease 358
• Patients with Solid Organ Transplantation 359
• Patients with Cardiac Disease 359

**42. Ovary Transplantation for Fertility Preservation in Cancer Patients: Fresh and Frozen ..... 361**
*Sherman J Silber*
• Subject Recruitment and Consent 362
• Clinical Profile 362
• Genetic Studies 363
• Fresh Cortical Ovarian Tissue 363
• Transplantation 363
• Whole-Ovary Transplantation 365
• Postoperative Results 366
• Frozen Cortical Ovarian Transplantation 367

**43. Judaism, Christianity and Islam and *In Vitro* Fertilization and Cloning ..... 372**
*Botros Rizk, Sherman J Silber, Gamal I Serour, Osama Z Nagib, Michel Abou Abdallah*

**Infertility, IVF and Judaism 372**
*Sherman J Silber*
• Different Branches of Judaism 372
• Orthodox Jewish Legal System 373
• Major Jewish Themes 374
• The Most Important Two Commandments 374
• Infertility, IVF and Judaism 375

**The Views of the Coptic Orthodox Church on the Treatment of Infertility, Assisted Reproduction and Cloning 376**
*Botros Rizk*
Coptic 376

**Infertility and Divine Intervention 383**
*Osama Z Nagib*

**Islamic Perspectives of Ethical Issues in ART 385**
*Gamal I Serour*
ART and Islamic Perspectives 385

**The Vatican View on Human Procreation 389**
*Michel Abou Abdallah*

*Index* ..... *401*
