Contents

SECTION 1: Pathogenesis and Clinical Features

1. Epidemiology 3
- Epidemiology of psoriasis 4

2. Pathogenesis 7
- Genetic Factors 8
- Gene Loci 8
- Environmental Factors 9
- Immune Mechanism in Psoriasis 12
- Role of T-Cells 13
- Role of Keratinocytes 16
- Summary of Immunological Pathogenesis .. 16

3. Mucocutaneous Manifestations 19
- Onset 20
- Morphology 20
- Patterns of Psoriasis 24
- Course of Psoriasis 53
- Death due to Psoriasis 55

4. Nail Changes 57
- Epidemiology 58
- Clinical Features 59

5. Arthritis 67
- Criteria for Diagnosis 68
- Epidemiology 69
- Types 69
- Clinical Features 69
- Extra-articular Features 72

6. Comorbidities 73
- Metabolic Syndrome 74
- Cardiovascular and Respiratory System 75
- Skin Cancer 75
- Liver 75
- Kidney 75
- Ocular Changes 76
- Oral Lesions 76
- Dermatopathic Enteropathy 76
- Death 76

SECTION 2: Diagnosis and Treatment

7. Investigations 81
- Histopathology 82

8. Differential Diagnosis 89
- Plaque Psoriasis 90
- Guttate Psoriasis 95
- Generalized Pustular Psoriasis 98
- Nail Psoriasis 100

9. General Principles of Treatment 103
- Factors which Determine Treatment 104
- Information to Patient 104
- Instructions to Patients 105
- Treatment Options 105

10. Topical Therapy 107
- Emollients 108
- Dithranol (Anthranil) 117
- Calcipotriol 121
- Corticosteroids 125
- Topical Retinoids 129

11. Phototherapy and Photochemotherapy 131
- Heliotherapy and Balneo Phototherapy 132
- Broad Band (BB) UVB Therapy 134
- Narrow Band (NB) UVB Therapy 134
- Laser Therapy 146
- Photochemotherapy 147

12. Systemic Therapy 167
- Methotrexate 168
- Cyclosporin A 183
- Retinoids 193
- Hydroxyurea 206
- Systemic Corticosteroids 211
- Fumaric Acid Esters 212
- Mycophenolate Mofetil 215
- Miscellaneous and Experimental Drugs 218

13. BiologicsTherapy 221
- Introduction 222
- Biologics which Target T-cells 225

14. Combination Therapy 249
- Advantages of Combination Therapy 250
- Protocols Used 250

15. Approach to a Patient with Psoriasis 259
- History 260
- Examination 261
- Information to Patient 261
- Treatment Options Available 262

SECTION 3: Annexures

16. Annexures 269
- Proforma for Psoriasis Patients 270
- Quality of Life Measures 274

- Dermatology Life Quality Index 275
- Clinical Severity Assessment 277
- Patient Information on Psoriasis 281

Index *287*
