Contents

1. Past, Present and Future of Sinonasal Tumor Management 1
Alexander G Chiu
- Introduction 1
- Traditional Oncologic Teachings 1
- Results 3
- Surgical Principles for Endoscopic Resection of Malignancies 6
- Future Trends 7

2. Surgical and Radiological Anatomy of the Paranasal Sinuses 8
Jeremy T Reed, Jeffrey D Suh, Nithin Adappa, James N Palmer
- Overview 8
- Embryology of Lateral Nasal Wall 8
- Basic Anatomy 8
- Anatomic Variations 18

3. Imaging of Sinonasal Tumors 21
Andrew Hou, Thomas Borges
- Introduction 21
- Perineural Spread 23
- Squamous Cell Carcinoma 28
- Adenocarcinoma 29

4. Surgical Approaches: Open 39
Carlos Perez-Mitchell, Peter D Costantino
- Introduction 39
- Open Approaches to the Sinonasal Complex 39
- Controversies 52

5. Surgical Approaches: Endoscopic 55
Vijay R Ramakrishnan
- Introduction 55
- Vascular Control 56
- Transnasal, Transethmoid Approach 60
- Endoscopic Anterior Approach 61
- Endoscopic Posterior Approaches 63
- Endoscopic Lateral Approaches 65
- Endoscopic-Assisted Approaches 69

6. Achieving a Cure in Sinonasal Malignancy: Prognostic Factors and Trouble Areas 72
Zara M Patel, Jayakar V Nayak
- Introduction 72
- Stage 72

7. Perioperative Considerations in the Management of Sinonasal Tumors..... 81
Vijay R Ramakrishnan, David W Kennedy
- Introduction 81
- Preoperative Planning 81
- Postoperative Considerations 84
- Operative Considerations 84
- Postoperative Follow-up 93

8. Skull Base Reconstruction: Open..... 96
Darshni Vira, Jeffrey D Suh, Keith E Blackwell
- Introduction 96
- Relevant Anatomy of the Skull Base 96
- Options for Anterior Skull Base Reconstruction: Open 98
- Microvascular Free Flap Reconstruction 103

9. Skull Base Reconstruction: Endoscopic 109
Darshni Vira, Jeffrey D Suh
- Introduction 109
- Background 109
- Descriptions of Various Endoscopic Methods of CSF Leak Repair 110

10. Surgical Complications Associated with Sinonasal Tumor Resection 117
Sharon Morong, Allan Vescan, John Lee
- Introduction 117
- Cerebrospinal Fluid Leaks 117
- Infectious Complications 119
- Sinonasal Complications 120
- Vascular Complications 121
- Endocrine Complications 121
- Orbital Complications 122
- Lumbar Drain Placement 123

11. Surgical Debate: Open Versus Endoscopic..... 126
Jeffrey D Suh
- Background 126
- Conventional Treatment of Sinonasal Cancer: Open Approaches to the Nasal Cavity, Paranasal Sinuses and Skull Base 126
- Endoscopic Skull Base Surgery 129
- The Future 131

12. Surgical Debate: Orbital Exenteration 133
Benjamin S Bleier, Derrick T Lin
- Introduction 133
- Historical Approach to Orbital Management 133
- Surgical Rationale for Orbital Preservation 136
- Future Directions 139

13. Management of the Neck in Sinonasal Malignancy 142
Lindsay S Reder, Niels Kokot
- Introduction 142
- Anatomy: Lymphatics of Head and Neck 144

14. Radiation Therapy for Sinonasal Cancers 156
Geoffrey A Geiger, Alexander Lin, Diana Stripp, Harry Quon
- Introduction 156
- Historical Radiation Therapy 156
- Modern Radiation Therapy 157
- Particle Therapy 159
- Treatment Outcomes 162
- Toxicities of Treatment 163
- Future Directions 164

15. Chemotherapy for Sinonasal Cancers 170
Kena Desai, Madeleine A Kane
- Introduction 170
- Uses of Systemic Therapy 170
- Targeted Agents in Sinonasal Cancer 174

16. Recurrence and Surveillance for Sinonasal Cancers 177
Nithin D Adappa, Jeremy T Reed, James N Palmer
- Introduction 177
- Post-treatment Surveillance 178

17. Benign Neoplasms of the Sinonasal Tract 185
Devyani Lal
- Introduction 185
- Clinical Features 185
- Work-up 186
- Fibro-osseous Tumors 186
- Epithelial Tumors 190
- Neural Related Tumors 202
- Hamartomatous Lesions 205
- Odontogenic Tumors 206
- Other Tumors 206

18. Malignant Sinonasal Tumors 212
Vijay R Ramakrishnan, Jeffrey D Suh
- Introduction 212
- Squamous Cell Carcinoma 213
- Esthesioneuroblastoma 217
- Sinonasal Undifferentiated Carcinoma 219
- Nasopharyngeal Carcinoma 223
