# CONTENTS

**1. Short Stature** **1-11**
*Definition 1; Etiology 2; Evaluation 3*

**2. Failure to Thrive** **12-21**
*Etiology 12; Evaluation 13*

**3. Obesity** **22-29**
*Definition 22; Etiology 22; Evaluation 23*

**4. Macrocephaly** **30-38**
*Definition 30; Etiology 31; Evaluation 31*

**5. Microcephaly** **39-46**
*Definition 39; Etiology 40; Evaluation 40*

**6. Fever** **47-59**
*Definition 47; Types of fever 48; Etiology 48; Evaluation 51*

**7. Edema** **60-67**
*Definition 60; Etiology 61; Evaluation 61*

**8. Jaundice** **68-85**
*Definition 68; Jaundice in an older child 69; Etiology 69; Evaluation 70; Jaundice in neonate 77; Definition 77; Etiology 78; Evaluation 79*

**9. Pallor** **86-99**
*Definition 86; Etiology 87; Evaluation 88*

**10. Bleeding Disorder** **100-110**
*Etiology 100; Evaluation 101*

**11. Lymphadenopathy** **111-119**
*Etiology 111; Evaluation 112*

**12. Hepatomegaly** **120-130**
*Etiology 120; Evaluation 121*

**13. Splenomegaly** **131-140**
*Etiology 131; Evaluation 132*

**14. Vomiting** **141-160**
*Definition 141; Vomiting in the newborn 142; Etiology 142; Evaluation 143; Vomiting in infants and children 151; Etiology 151; Evaluation 152*

**15. Abdominal Pain** **161-173**
*Etiology 161; Evaluation 162*

**16. Constipation** **174-180**
*Definition 174; Etiology 175; Evaluation 175*

**17. Gastrointestinal Bleeding** **181-192**
*Upper gastrointestinal bleeding 181; Etiology 181; Evaluation 182; Lower gastrointestinal bleeding 187; Etiology 187; Evaluation 187*

**18. Stridor** **193-200**
*Etiology 193; Evaluation 194*

**19. Cough** **201-210**
*Etiology 201; Evaluation 202*

**20. Joint Pain** **211-219**
*Etiology 211; Evaluation 212*

**21. Failure to Move a Limb** **220-228**
*Etiology 220; Evaluation 220*

**22. Crying** **229-233**
*Etiology 229; Evaluation 230*

**23. Headache** **234-241**
*Etiology 234; Evaluation 235*

**24. Convulsions** **242-259**
*Seizures in infancy and childhood 242; Etiology 242; Evaluation 243; Seizures in the newborn 252; Etiology 252; Types of seizures 253; Evaluation 254*

**25. Comatose Child** **260-268**
*Etiology 260; Evaluation 261*

**26. Floppy Infant** **269-276**
*Etiology 269; Evaluation 270*

**27. Global Developmental Delay** **277-284**
*Definition 277; Etiology 278; Evaluation 278*

**28. Delayed Puberty** **285-294**
*Definition 285; Etiology (girls and boys) 286; Evaluation 287*

**29. Precocious Puberty** **295-304**
*Definition 295; Precocious puberty in girls 295; Etiology 296; Evaluation 296; Precocious puberty in boys 301; Etiology 302; Evaluation 302*
