CONTENTS

PART 1: Applied Anatomy and Diagnosis of Neck Pain

1. Applied Anatomy **3**
Anatomy of Cervical Vertebra 4
Movements of the Neck 9
Muscles of the Neck 10
Spinal Cord 11
Cranial Nerves 12

2. History Taking **15**
Who is Complaining? 15
Where is the Pain? 16
Where Else does it Hurt? 16
What Makes the Pain Worse/Lesser? 16
Occupational Risk Factors 16
Neurological Symptoms (Motor, Sensory and Sphincters, Vertigo) 17

3. Examination **20**
Posture 20
Functional Screening 25
Examination of C1-C7 Cervical Nerves 28
Upper Motor Neuron Signs 33
Cranial Nerves 33
Special Tests for Root Compression in the Foramen 36
Special Test for (Posterior) Cord Compression 36
Examination of Structures in the Anterior Neck 37
Examination of Upper Limbs: Differentiating the Brachialgias 37
Examination of Upper Limb Nerves: Entrapment Neuropathies 38
Examination of the Upper Limb for Regional Soft Tissue Disorders 40
Vascular Examination of Upper Limb 41

4. Pathophysiology and Differential Diagnosis of Neck Pain **43**
Approach to a Patient with Neck Pain 43
Red Flag Conditions: What is to be Done? 47

5. Investigations for the Diagnosis of Neck Pain 48
Indications for X-ray 48
X-ray Views 48
What to Look for in an X-ray? 48
Magnetic Resonance Imaging (MRI) 52

PART 2: Management of Neck Pain and Case Studies

6. Management of Neck Pain 59
Muscle Pain 59
Neuropathic Pain 61
Inflammatory or Nociceptive Pain 64
Checklist before Prescribing NSAIDs 65
Analgesics 66
Interventional Procedures 67

7. Pharmacological Notes 69
Muscle Relaxants 69
Antidepressants 71
Anticonvulsants 72
Opioid Analgesics 72
NSAIDs 73
NSAIDs—COX-2 Inhibitors 75
Aspirin (Acetyl Salicylic Acid) 76
Paracetamol (Acetaminophen) 77
NSAIDs: Topical Applications 78

8. Nonpharmacological Management of Neck Pain 79
Lifestyle Changes and Patient Education 79
Patient Education for Good Posture 88
Acupuncture and Dry Needling 90
Low Level Laser Therapy (LLLT) or Cold Laser 90
Magnetotherapy 90
Heat Therapy 91
Cold Therapy 91
Electrotherapy 91
Massage 91
Traction 92
Nonsurgical Spinal Decompression Treatment 92
Health Spa Therapy 92
Collar 93
Pillows 94

9. Complementary and Alternative Medicine 96
Manual Therapy 96
Islamic Medicine 97
Complementary/Alternative Medicine (CAM) in India 97
Sound Therapy 98

10. Case Illustrations and Discussions 99
Acute Torticollis 99
Myofascial Pain Syndrome: Trigger Points 99
Diagnostic Criteria for Myofascial Trigger Points 100
Fibromyalgia 100
Benign Joint Hypermobility Syndrome 100
Cervicothoracic Syndrome 102
The Levator Scapulae Syndrome 102
Interscapular Pain 103
Metabolic 104
Cervical Spondylosis 104
Cervical Disc Prolapse 105
Trauma 108
Syringomyelia 112
Severely Ill Patient 113
Demyelination 116
Motor Neuron Disease 117
Congenital Causes of Neck Pain 119
Repetitive Strain Injury 122
Entrapment Neuropathies in Upper Limb—
Double Crush 124
Cervicogenic Headache 126
Vertigo 127
Vertebrobasilar Insufficiency 128
