Contents

1. Research and Research Process **1**

- Objectives of Research *2*
- Motivation in Research *2*
- Types of Research *3*
- Research Approaches *5*
- Significance of Research *6*
- Research Methods Versus Methodology *7*
- Criteria of Good Research *11*
- Approaches to Science *12*
- Theoretical Explanation of Nursing Research *15*
- Framework for Research *19*
- Nursing Research in Perspective *21*
- History of Nursing Research *24*
- Nursing Research in India *29*
- Sources of Evidence for Nursing Research *33*
- Purpose of Nursing Research *35*

2. Identification of Problem Area **40**

- Research Example: Problem and Purpose *41*
- Critique *42*
- Implications for Practice *42*
- Determining the Significance of a Study: Problem and Purpose *46*
- Examining the Feasibility of a Problem and Purpose *50*
- Examining Research Objectives, Questions, and Hypotheses in Research Reports *52*
- Research Objectives Implemented in Quantitative and Qualitative Studies *52*
- Research Example *52*

- Research Questions Implemented in Quantitative and Qualitative Studies *54*
- Hypotheses *54*
- Characteristics of Usable Hypotheses *55*
- Types of Hypotheses *57*
- Ethical and Legal Considerations in Research: A Historical Perspective *63*
- Articles of the Nuremberg Code *63*
- Basic Ethical Principles Relevant to the Conduct of Research *64*
- Evolution of Ethics in Nursing Research *66*
- Protection of Human Rights *67*
- Protecting Basic Human Rights of Vulnerable Groups *69*
- Scientific Fraud and Misconduct *71*
- Product Testing *72*
- Legal and Ethical Aspects of Animal Experimentation *72*

3. Review of Literature 75

- Purposes and Scope of Research-Literature Reviews *76*
- Types of Information for a Research *77*
- Major Steps and Strategies in a Literature Review *77*
- Locating Relevant Literature *80*
- Abstracting and Recording Information *85*
- Codes for Nurse Characteristics (Independent Variables) *86*
- Codes for Responses to Children's Pain (Dependent Variables) *86*
- Critiquing Studies and Evaluating the Evidence *88*
- Analyzing and Synthesizing Information *90*
- Preparing a Written Literature Review *91*
- Overall Purpose of the Knowledge *93*
- Examples of Uses of Literature Review for the Research Process: Quantitative and Qualitative *94*
- Examples of Uses of the Literature for Consumer Purposes: Educational and Practice Settings *95*
- Examples of Nursing Journals for Literature Reviews *96*
- Types of Information Sources for a Review of Literature *97*

4. Sampling and Data Collection 99

- Need for Sampling *99*
- Criteria of Selecting a Sampling Procedure *99*
- Criteria of Inclusion and Exclusion *102*
- Sampling Concepts *103*
- Types of Samples *104*
- Sample Size *116*
- Sampling Procedures *118*
- Methods of Data Collection *122*
- Collection of Primary Data *122*
- Collection of Secondary Data *132*
- Selection of Appropriate Method for Data Collection *133*
- Case Study Method *134*
- Designing and Implementing a Data Collection Plan *138*
- Converting Quantitative and Qualitative Data *143*
- Developing a Data Collection Plan in Quantitative Studies *145*
- Implementing a Data Collection Plan in a Quantitative Study *151*
- Data Collection Issues in Qualitative Studies *153*
- Research Design *161*
- Designs for Nursing Studies *168*
- Pilot Study *188*

5. Analysis of Data 190

- Introduction to Qualitative Analysis *190*
- Qualitative Data Management and Organization *191*
- Analytic Procedures *197*
- Statistical Representation *207*
- Logical Ordering of Data *213*

6. Introduction to Statistics 218

- Scales of Measurements *222*
- Frequency Distribution *228*
- Graphic Representation of Data *231*

- Calculation of Mean for Grouped Data *241*
- Median *244*
- Mode *247*
- Tests of Significance (Testing Hypothesis) *248*
- Standard Deviation *259*
- Probability *261*
- Correlation or Covariation *265*

7. Communication and Utilization of Research 269

- Verbal Method *269*
- Written Reports *270*
- Method of Scientific Report Writing *272*
- Writing for Research Conference *273*
- Writing for Publication *274*
- Writing a Research Abstract *278*
- Critique Guidelines *280*
- Intuitive Recognition *291*
- Research Proposal for ICMR *292*
- Research Proposal for Financial Support from WHO *294*

Bibliography *299*

Index *305*
