Contents

Volume 1

Section 1: Head & Neck, Cranial Base and Oncology

Pankaj Chaturvedi

1. Transsphenoidal Pituitary Surgery **3**

Aldo C Stamm, Shirley SN Pignatari, Hugo Canhete Lopes

- Anatomy *3*
- Surgical Technique *4*
- Direct Transnasal Access *4*
- Transseptal Access *4*
- Resection of Posterior Nasal Septum *5*

2. Fibrous Dysplasia of the Skull Base **7**

Moran Amit, Dan M Fliss, Ziv Gil

- Epidemiology *7*
- Pathophysiology *7*
- Clinical Features *7*
- Evaluation and Radiologic Workup *8*
- Natural History *8*
- Medical Treatment *9*
- Discussion *11*

3. Juvenile Angiofibroma **14**

Alberto Schreiber, Ahmad Safadi, Marco Ravanelli, Andrea Bizzoni, Giovanni Danesi, Piero Nicolai

- Histopathology and Pathogenesis *14*
- Origin and Pattern of Spread *15*
- Clinical Findings *16*
- CT and MR Preoperative Imaging *17*
- Staging Systems *18*
- Preoperative Embolization *18*
- Direct Intratumoral Embolization (DIE) *19*
- Endoscopic Surgery *20*
- External Approaches *22*
- Postoperative Monitoring *25*
- Outcomes *25*
- Radiotherapy *26*
- Hormonal Therapy *27*

4. Treatment of Craniopharyngiomas **30**
Mary Koutourousiou, Paul A Gardner, Carl H Snyderman
- Epidemiology *30*
- Pathogenesis—Histopathology *30*
- Clinical Presentation *31*
- Imaging Findings *31*
- Surgical Anatomy *32*
- Management *33*
- Surgical Approaches *33*
- Surgical Outcome *35*
- Radiation Therapy *36*
- Chemotherapy *36*
- Recurrences *37*
- Prognosis *37*

5. Surgical Management of Encephaloceles **40**
William Yao, Michael Kupferman
- Etiology *40*
- Epidemiology *41*
- Classification *42*
- Presentation *43*
- Differential Diagnosis *43*
- Evaluation *43*
- Treatment *43*
- Postoperative Management *47*

6. Treatment of Inverted Papilloma at the Skull Base **49**
Paolo Castelnuovo, Apostolos Karligkiotis, Stefania Gallo, Francesco Meloni, Davide Lombardi, Piero Nicolai
- Preoperative Assessment *53*
- Technical Considerations *53*
- Surgical Technique *55*
- Postoperative Care and Follow-up *65*
- Complications *68*

7. Epidemiology of Head and Neck Cancers **71**
Prakash C Gupta, Cecily S Ray
- Burden of Disease *71*
- Stage at Presentation *74*
- Etiology *76*
- Preventive Approaches *78*
- Second Primaries *80*

8. History and Evolution of Head and Neck Surgery **84**
Eugene N Myers
- Anesthesia *86*
- Antibiotics *87*
- Aseptic Techniques *89*

- Blood Transfusions *90*
- Surgical Education *90*
- Surgical Nursing *90*
- Pathology *90*
- Surgical Treatment *91*
- Cancer of the Larynx *92*
- Cancer of the Nasopharynx *95*
- Cancer of the Oropharynx *96*
- Cancer of the Oral Cavity *97*
- Surgery of the Skull Base *98*
- Treatment of Cancer in the Neck *98*
- Cancer of the Temporal Bone *101*
- Cancer of the Thyroid *102*

9. Training of a Head and Neck Surgeon 108

Jatin P Shah

- History of Head and Neck Surgery *108*
- Special Requirements for Fellowship Education in Head and Neck Surgical Oncology in the USA *110*
- International Scenario in Training *115*
- Optimal Training Program *115*
- Outlook for the Future *119*
- Global on Line Fellowship (GOLF) *120*

10. Etiology of Head and Neck Cancers 122

Christopher GL Hobbs

- Molecular Basis of Tumor Development *122*
- Genetic Predisposition *123*
- Environmental Factors *124*

11. Advances in Molecular Subtyping for Biologic Therapy in HNSCC 138

Maria J Worsham, Josena K Stephen, Kang Mei Chen, Haythem Ali, Jadranka Dragovic, Vanessa P Schweitzer

- Enhancing the HNSCC Staging System *138*
- Risk Factors for HNSCC *139*
- HNSCC Patient and Tumor Characteristics *139*
- Molecular Subtyping of Squamous Head and Neck Cancer *140*
- Epigenetic Signatures in Hnscc *144*
- Significance of DNA Methylation *144*
- DNA Methylation in HNSCC *144*
- Human Papilloma Virus *145*
- Clinical Applications for Molecular Targeted Therapies *146*
- Tailoring Nonselective Conventional Modalities (Surgery, Radiation, Chemotherapy) Using Molecular Targeted Therapy *148*
- Limitations and Challenges to Tailoring Molecular Targeted Therapies in HNSCC *148*

12. Molecular Markers in Head and Neck Cancers 158

Sushma Nordemar

- Deoxyribonucleic Acid Ploidy *159*
- Chromosomal Abnormalities *159*

- Cell Cycle Regulatory Proteins *160*
- Tumor Suppressor Gene P53 *160*
- Angiogenesis *160*
- Extracellular Matrix Proteins *161*

13. Imaging for Diagnosis and Evaluation **163**

KT Wong, Yolanda YP Lee, Ann D King, Edmund HY Yuen, Anil T Ahuja

- Common Imaging Modalities *163*
- Radiological Evaluation of Head and Neck Cancer *166*
- Cervical Lymph Node Involvement *166*
- Site-Specific Imaging of Common Head and Neck Cancers *170*
- Recent Technological Advances *181*

14. Pathology **188**

Danielle Elliott, Adel K El-Naggar

SALIVARY GLAND NEOPLASMS 188
- Normal Salivary Gland *188*
- Benign Salivary Gland Tumors *189*
- Malignant Salivary Gland Tumors *191*
- Other Epithelial Tumors of Salivary Gland *196*
- Mesenchymal Tumors *196*

SQUAMOUS CELL CARCINOMA 200
- Intraepithelial Neoplasia *200*

THYROID NEOPLASMS 206
- Normal Thyroid *206*
- Benign Thyroid Neoplasms *206*
- Well-Differentiated Thyroid Carcinomas *206*
- Poorly Differentiated Thyroid Carcinomas *208*
- Undifferentiated Thyroid Carcinomas *208*
- Oncocytic or Hurthle Cell Tumors of Thyroid *209*
- Non-Neoplastic Thyroid Tumors *209*
- Other Neoplasms of Thyroid *210*
- Special Considerations *210*

15. Positron Emission Tomography **213**

Chaitanya Divgi

- Positron Emission Tomography *213*
- Thyroid Cancer *214*
- Staging Head and Neck Cancers *218*
- Assessment of Response and Follow-up *219*
- Assessment of Hypoxia *222*

16. Diagnosis and Management of Oral Pre-Cancers **228**

Ann M Gillenwater

- Oral Carcinogenesis Progression Model *228*
- Oral Premalignant Lesions *228*
- Malignant Transformation *232*
- Diagnosis and Detection of Oral Premalignant Lesions *233*
- Management of Oral Premalignant Lesions *236*

17. Chemoprevention of Head and Neck Cancers **242**
Dimitrios Moraitis, Jay O Boyle
- Historical Developments *243*
- New Targets for Prevention of HNSCC: Cox-2 and EGFR *245*
- Smoking Cessation *247*
- Practical Clinical Prevention *247*

18. Chemotherapy in Head and Neck Cancers **251**
Tamara Rordorf, François Lüthi, Roger Stupp 251
- Pharmacological Basis of Chemotherapy *251*
- Metastatic and Recurrent Disease *256*
- Locally Advanced Disease *260*
- Nasopharyngeal Carcinoma *270*
- Rare Tumors *271*
- Trial Endpoints and Definitions *273*

19. Radiotherapy for Head and Neck Cancers **282**
William M Mendenhall
- Larynx *283*
- Hypopharynx *286*
- Postoperative Irradiation of Laryngeal and Hypopharyngeal Tumors *287*
- Oropharynx *290*
- Nasopharynx *292*
- Oral Cavity *294*
- Postoperative Irradiation for Tumors of the Oral Cavity and Oropharynx *301*
- Nasal Cavity, Paranasal Sinuses and Nasal Vestibule *302*
- Major Salivary Gland *306*
- Unknown Primary Site *308*
- Design of the Low Neck Portal *309*

20. Reconstruction after Resection of Head and Neck Cancers **315**
Paul L Davis, Rajan S Patel, Mark Izzard, Randall P Morton
- Concepts of Reconstruction *315*
- Specific Flaps *317*
- Pectoralis Major Musculocutaneous Flap *318*
- Buccinator Musculomucosal Flap *319*
- Platysma Musculocutaneous Flap *322*
- Palatal Island Flap *323*
- Sterno (Cleido) Mastoid Flap *323*
- Radial Forearm Free Flap *324*
- Rectus Abdominis Free Flap *326*
- Anterolateral Thigh Free Flap *327*
- Fibula Free Flap *327*
- Scapular or Parascapular Free Flap *329*
- Site-Specific Reconstruction *330*

21. Principles of Combining Chemotherapy with Radiation Therapy in Advanced Squamous Cell Head and Neck Cancer **333**
David J Adelstein
- Induction Chemotherapy *334*
- Organ Preservation Approaches *339*
- Treatment Morbidity *340*

22. Thyroid Cancer **345**
Gouri Pantvaidya, Abhishek Vaidya, Pankaj Chaturvedi, Anil Cruz *345*
- Neoplasms of the Thyroid *345*

23. Oral Cavity Cancer **364**
Tom JB Vauterin
- Anatomy *364*
- Etiology *365*
- Molecular and Genetic Changes *366*
- Squamous Cell Carcinoma of the Oral Cavity *367*
- Biological Markers for Squamous Cell Carcinoma of the Oral Cavity *368*
- Pathology *368*
- Natural History *371*
- Diagnosis *373*
- Treatment *377*

24. Neck Dissection **398**
Nilesh R Vasan, Jesus E Medina
- History *398*
- Fascial Compartments of the Neck *398*
- Diagnostic Evaluation *401*
- Imaging *401*
- Histopathology and Prognosis *403*
- Neck Dissection Technique *404*
- Management of the Neck *412*
- Issues in Neck Dissection *414*
- Adjuvant Therapy for Neck Dissection *416*
- Complications of Neck Dissection *419*

25. Benign Aggressive Jaw Tumors **426**
RA Ord, D Dyalram
- Odontogenic Tumors *426*

26. Management of Salivary Gland Neoplasms **442**
Susan Dixon McCammon, Snehal G Patel
- Etiology *442*
- Evaluation *443*
- Imaging *443*
- Anatomical Subtypes *444*
- Histological Subtypes *444*
- Staging *445*

- Treatment *445*
- Parotid Tumors *446*
- Resection of the Submandibular Gland *449*
- Surgery of the Sublingual Glands *450*
- Surgery for Tumors of the Minor Salivary Glands *450*
- Complications of Surgery *451*
- Management of the Neck *452*
- Primary Radiation Therapy *452*
- Follow-up *453*
- Outcomes *453*

27. Cancer of the Temporal Bone **457**

Chris de Souza

- History of the Treatment of Temporal Bone Malignancies *457*
- Incidence of Temporal Bone Malignancies *458*
- Demographical Data *458*
- Etiology *458*
- Clinical Features *458*
- Diagnosis and Evaluation *459*
- Staging Systems of Cancer of the Temporal Bone *460*
- Treatment *460*
- Management of the Neck *462*
- Reconstruction *462*
- Complications *462*
- Results *464*

28. Anterior Skull Base Tumors **467**

George P Jain, Frank D Vrionis

- Anatomy of the Anterior Cranial Fossa *467*
- Lesions of the Anterior Cranial Fossa *467*
- Esthesioneuroblastoma *467*
- Paranasal Sinus Cancer *469*
- Meningiomas *470*
- Melanoma *470*
- Chordoma *471*
- Sarcomas *471*
- Histiocytosis X *471*
- Sinonasal Lymphoma *471*
- Sinonasal Undifferentiated Carcinoma *471*
- Surgical Technique *471*

29. Management of Tumors of the Parapharyngeal Space **478**

Eugene N Myers

- Anatomy *478*
- Clinical Presentation *480*
- Preoperative Evaluation *481*
- Imaging *481*
- Fine-Needle Aspiration Biopsy *482*

- Surgical Approaches *482*
- Indications for Surgery *486*
- Techniques *488*
- Complications *489*
- Surgical Results *490*

30. Cancer of the Paranasal Sinuses and Nasal Cavity **491**

Pankaj Chaturvedi

- Historical Background *491*
- Epidemiology *491*
- Etiology *491*
- Presentation *493*
- Anatomy *494*
- Pathology *498*
- Malignant Lesions *500*
- Imaging *503*
- Staging *508*
- Treatment Methods for Tumors of Nasal Cavity and Paranasal Sinuses *509*
- Surgery *510*
- Nasal Cavity Tumors *513*
- Radiotherapy *515*
- Chemotherapy *516*
- Treatment Options and Algorithms *517*
- Complications and Rehabilitation of Tumors of Nasal Cavity and Paranasal Sinuses *518*
- Follow-up *522*

31. Tumors of the Parathyroid Gland **529**

Yoann Millet, Ashutosh Kacker

- Epidemiology *529*
- Pathogenesis *529*
- Clinical Presentation *530*
- Evaluation *531*
- Management of Parathyroid Adenoma *531*
- Management of Parathyroid Carcinoma *532*

32. Skin Cancer **537**

Randall P Morton, Zahoor Ahmad

- Nonmelanoma Skin Cancers *537*
- Cutaneous Malignant Melanoma *546*

33. Unknown Primary Tumor **555**

Guy J Petruzzelli, Devyani Lal, Robert S Hong

- Classification *556*
- Clinical Evaluation *557*
- Clinical Staging *561*
- Pathological Assessment of the Neck Mass *561*
- Examination under Anesthesia *566*
- Treatment Protocols and Results of Therapy *566*
- Surgery *567*

- Radiation Therapy Alone *567*
- Surgery and Radiation Therapy *568*
- Rare Cervical Metastases *569*
- Metastatic Melanoma *570*
- Metastatic Adenocarcinoma *571*

34. Management of Larynx and Hypopharynx Cancer **577**

Sophie El Bédoui, Jean-Louis Lefebvre

- Epidemiology *577*
- Anatomy *578*
- Routes of Spread *579*
- Clinical Aspects *579*
- Management of Squamous Cell Carcinoma of Larynx and Hypopharynx *582*
- Radiotherapeutic Options *584*
- Chemotherapeutic Options *585*
- General Guidelines for Management *586*

35. Open Partial Laryngeal Procedures **590**

Ralph P Tufano, Joshua Schindler

- Evolution of Laryngeal Procedures *590*
- Anatomic Basis of Tumor Pattern *591*
- Evaluation *592*
- Partial Laryngectomy for Glottic Cancer *593*
- Partial Laryngectomy for Supraglottic Cancer *594*
- Radiation Modality *595*

36. Partial Laryngectomy for Advanced Laryngeal Tumors **599**

Steven M Sperry, Jason G Newman, Gregory S Weinstein

- Surgical Principles of Laryngectomy *599*
- Anatomy and Embryology *600*
- Preoperative Evaluation *600*
- Cricohyoidoepiglottopexy *601*
- Cricohyoidopexy *606*
- Outcome and Complications for SCPL *608*
- Near-Total Laryngectomy *609*

37. Laser in Head and Neck Cancer **611**

Giorgio Peretti, Cesare Piazza, Andrea Bolzoni

- Fundamentals in Laser Surgery *611*
- Early Laryngeal Cancer *613*
- Early Glottic Cancer *616*
- Early Supraglottic Cancer *628*
- Oral and Oropharyngeal Cancer *632*
- Tracheal Tumors and Tumor-like Lesions *640*

38. Oropharyngeal Cancer **656**

Laura Locati, Paolo Bossi, Carlo Fallai, Lisa Licitra

- General Information *656*
- Imaging *659*

- Other Procedures *660*
- Staging *660*
- Prognosis *661*
- Survival and Quality of Life *662*
- Treatment *662*
- Salvage Treatment *663*
- Metastatic Disease *664*
- Isolated Lung Metastases *665*

39. Nasopharyngeal Cancer **668**

Hristophe Le Tourneau, Sandrine Faivre

- Diagnosis *668*
- Micrometastasis and Residual Disease *669*
- Therapeutic Approaches *671*
- Recommendations *674*
- Recurrent Nasopharyngeal Cancer *675*

40. Outcome Assessment in Head and Neck Cancer **678**

Jolie Ringash

- Importance of Outcome Assessment *678*
- Types of Outcome Assessment *678*

41. HIV and Head and Neck Cancers **690**

Lauren L Patton

- Human Immunodeficiency Virus Disease and Immune Suppression: Focus on the Indian Subcontinent *690*
- Kaposi's Sarcoma *692*
- Epidemiology *692*
- Pathogenesis and Pathology *692*
- Clinical Manifestations *693*
- Diagnosis *694*
- Staging *695*
- Therapy *695*
- Non-Hodgkin's Lymphoma *698*
- Squamous Cell Carcinoma *706*
- Impact of HIV Disease and its Medical Management on Head and Neck Cancers *708*

42. Margins in Head and Neck Cancers **715**

Adorján Ferenc Kovács

- Surgical Margin *715*
- Positive Margin *717*
- Incidence of Positive or Involved Margins *718*
- Prognosis of Margins without Adjuvant Treatment *720*
- Prognosis of Positive Margins with Adjuvant Treatment *722*
- Molecular Biology of Surgical Margins *725*
- Other Malignancies *727*
- Frankfurt Method *727*

43. Management of the Carotid Artery in Advanced Head and Neck Cancer **738**
Ozlem E Tulunay, John R Jacobs
- Management of Carotid Artery Involvement *738*
- Complications *742*

44. Management of Locally Advanced Inoperable Head and Neck Cancer **745**
Sandeep Samant, Alva B Weir III
- Treatment Options for Locally Advanced Head and Neck Cancer *745*
- Radical Surgery Followed by Adjuvant Therapy *746*
- Outlook for the Future *752*

45. Salvage Surgery **754**
Sandro J Stoeckli
- Principles of Salvage Surgery *754*
- Diagnosis of Residual or Recurrent Cancer *755*
- Oral Cavity and Oropharynx *755*
- Hypopharynx *756*
- Larynx *756*
- Nasopharynx *757*
- Neck *757*
- Complications *758*

46. Other Nonsquamous Tumors **763**
Patrick J Bradley
- Adenoid Cystic Carcinoma *763*
- Lymphomas *766*
- Malignant Mucosal Melanoma *773*
- Soft Tissue Sarcomas *780*

47. Medical Malpractice and Head and Neck Cancer **795**
Daniel D Lydiatt, Ryan K Sewell, William M Lydiatt
- History *795*
- Current State of Medical Malpractice *796*
- Malpractice Reform *799*
- Experience in other Countries *800*

48. Dysfunction in Swallowing **804**
Jan S Lewin
- Normal Physiology of Swallowing *804*
- Swallowing Outcomes Associated with Surgery *806*
- Swallowing Outcomes after Nonsurgical, Organ-Sparing Alternative Treatments *810*
- Methods of Assessing Swallowing Function *811*

49. Comprehensive (Prosthetic) Voice, Pulmonary and Olfaction Rehabilitation after Total Laryngectomy **816**
Frans JM Hilgers, I Bing Tan, Michiel WM van den Brekel
- Comprehensive Rehabilitation after Total Laryngectomy *816*
- Postlaryngectomy Voice Rehabilitation Principles *817*

- History of Prosthetic Voice Rehabilitation *819*
- Voice and Speech Therapy *832*
- Pulmonary Rehabilitation *833*
- Additional Reading on Postlaryngectomy Pulmonary Physiology *836*
- Rehabilitation of Olfaction *842*
- Conclusion: Olfaction Rehabilitation *845*

50. Pain and Palliative Care in Head and Neck Cancer **850**

Suresh K Reddy, Ahsan Azhar

- General Problems in Head and Neck Cancer *851*
- Treatment of Cancer Pain *853*
- Fatigue *861*
- Dyspnea *862*
- Delirium *863*
- Depression *865*
- Cachexia *866*
- Specific Problems in Head and Neck Cancer *867*

51. Nuclear Medicine in Head and Neck Oncology **879**

Jeremy R Jannuzzi, Dale A Baur, Thomas P Heston

- Bone Scanning *880*
- Salivary Gland Imaging *882*
- Sentinel Lymph Node Biopsy and Lymphoscintigraphy *883*
- Thyroid Imaging *884*
- Parathyroid Imaging *886*
- FDG-PET *887*
- Nuclear Cardiology *888*

52. Role of the Dentist in Head and Neck Cancer **893**

Ross A Kerr, Miriam R Robbins

- Prevention *893*
- Oral Considerations of Patients Diagnosed with Head and Neck Cancers *897*

53. Role of Nutrition in Squamous Cell Carcinoma of the Head and Neck **909**

Nabil F Saba, Scott A Kono, Kristin Higgins, Dong M Shin, Fadlo R Khuri, Ananda S Prasad, Omer Kucuk

- Overview of Nutritional Factors *909*
- Tobacco and Nutrition *910*
- Alcohol and Nutrition *911*
- Chemoprevention and Nutrition *911*
- Antitumor Effects of Radiation Therapy or Chemotherapy *921*
- Prevention of Radiation and Chemotherapy Toxicity *922*

54. Nursing Considerations in Head and Neck Cancer Surgery **929**

Sarah H Kagan, Bhagavathi Krishna

- Purpose *930*
- Background *930*
- Nursing Workforce *933*
- Program Development and New Roles for Nursing *939*
- Head and Neck Palliative Care *940*

55. Anesthesia for Head and Neck Surgery **947**
JV Divatia, Vijaya Patil, Priya Ranganathan
- Equipment, Support Services, and Facilities *947*
- Preoperative Considerations *947*
- General Principles of Anesthesia for Oral Cancers *950*
- Maintenance of Anesthesia *953*
- Postoperative Care *955*
- Microvascular Reconstructive Surgery *955*
- Airway Lesions *956*
- Obstructed Airway *956*
- Anesthesia for Surgical Procedures for Lesions of the Upper Airway *959*
- Immediate Postoperative Complications Specific to Upper Airway Endoscopy *960*
- Laser Resections *961*
- Laryngectomy *962*
- Rigid Bronchoscopy *962*
- Role of Transtracheal Jet Ventilation in Head and Neck Surgery *962*
- Anesthesia for Mid-Tracheal Obstruction *963*
- Management of Tracheal Lesions *963*

56. Lymphoscintigraphy and Sentinel Node Biopsy **966**
Francis P Ruggiero, Anil Dewan, Brendan C Stack
- History of Sentinel Node Biopsy *966*

57. Minimally Invasive Techniques for Anterior Skull Base Malignancies **978**
Christopher D Brook, Anand K Devaiah
- Advantages and Disadvantages *978*
- Equipment *979*
- Indications *981*
- Techniques for Approach *982*
- Outcomes *984*

Section 2: Laryngology
Abir K Bhattacharyya, Nupur Kapoor Nerurkar

58. Congenital Anomalies of Larynx and Trachea **989**
KK Handa, Neha Gupta
- Embryology *989*
- Anomalies of Larynx *989*

59. Imaging in Larynx **994**
Sunila Jaggi
- Indications for Laryngeal Imaging *994*
- Laryngeal Compartments *995*
- Laryngeal Spaces *995*
- Pathologic Conditions *996*
- Benign Tumors *1005*

- Laryngocele *1006*
- Infection and Inflammation *1007*
- Trauma *1007*
- Laryngeal Stenosis *1007*
- Vocal Cord Paralysis *1008*
- Miscellaneous Conditions *1008*

60. Deep Neck Space Infections **1012**

Abir K Bhattacharyya, Purushothaman Sen, Anurag Jain, Nicholas Reading

- Anatomy *1012*
- Spaces Spanning the Entire Neck *1014*
- Deep Neck Space Infections *1015*
- Etiology and Presentations *1015*
- Microbiology *1018*
- Evaluation and Management *1018*
- Treatment *1019*
- Complications *1019*
- Tubercular Abscess of the Neck *1020*
- Pott's Spine *1020*
- Management *1020*

61. Palatine Tonsils: A Review **1023**

Rajeev Nerurkar, Agneesh Patial, Ram Soni

- Development of the Tonsils *1023*
- Gross Anatomy *1023*
- Physiology *1024*
- Pathological Conditions *1024*
- Tonsil Concretions and Tonsilloliths *1025*
- Tonsilloliths *1025*
- Acute Tonsillitis *1026*
- Chronic Tonsillitis *1026*
- Peritonsillar Abscess *1026*
- Tonsillectomy *1028*
- Procedure *1029*
- Complications *1030*

62. Infectious and Inflammatory Diseases of the Larynx **1031**

Murthy PSN

- Acute Laryngitis in Children *1032*
- Laryngotracheobronchitis (Croup, Fibrinous Laryngotracheobronchitis) *1034*
- Laryngeal Diphtheria *1035*
- Pertussis *1036*
- Acute Laryngeal Infections of Adults *1036*
- Chronic Laryngitis *1037*
- Chronic Granulomatous Laryngitis *1041*
- Laryngopharyngeal Reflux *1043*

63. Voice Disorders **1046**
Nupur Kapoor Nerurkar, Abir K Bhattacharyya, Gauri Kapre
- Benign Conditions *1046*
- Malignancies of the Larynx *1050*
- Spasmodic Dysphonia *1050*
- Vocal Fold Paralysis *1051*

64. Vocal Fold Paralysis **1052**
Nupur Kapoor Nerurkar
- Assessment of the Larynx *1052*
- Unilateral Vocal Fold Paralysis *1052*
- Indications for Type 1 Thyroplasty *1055*
- Indications for Type 1 Thyroplasty with Arytenoid Adduction *1055*
- Surgical Considerations in Type 1 Thyroplasty with Arytenoid Adduction *1056*
- Complications *1060*
- Other Surgeries for Unilateral Vocal Fold Paralysis *1061*
- Laryngeal Pacing *1062*
- Superior Laryngeal Nerve Paralysis *1062*

65. Laryngopharyngeal Reflux **1064**
Rakesh Datta, WVBS Ramalingam
- Pathophysiology *1064*
- Clinical Presentation *1065*
- Establishing the Diagnosis *1066*
- Treatments *1067*
- Associations *1068*

66. Trauma and Stenosis of the Larynx **1072**
Lluís Nisa, Kishore Sandu

TRAUMA OF THE LARYNX 1072
- External Laryngeal Trauma *1072*
- Approach to the Patient with External Laryngeal Trauma *1074*
- Laryngotracheal Lesions Arising from External Trauma and Their Management *1077*
- Special Forms, Potential Pitfalls, and Areas of Controversy *1082*
- Internal Laryngeal Trauma *1085*
- Laryngeal Intubation Injuries *1086*
- Laryngeal Lesions due to Chemical Agents and Thermal Injury *1088*
- Areas of Controversy *1090*

LARYNGOTRACHEAL STENOSIS 1090
- Pathophysiology *1091*
- Initial Presentation and Management *1092*

- Internal Nasal Valve Surgery *1902*
- External Valve Surgery *1903*

130. Nasal Analysis for Rhinoplasty **1906**

Sonna Ifeacho, Guy Kenyon

- Documentation *1906*
- Surgical Anatomy *1907*
- Facial Analysis *1911*
- Nasal Analysis *1912*

Section 6: Otology

Alan W Langman

131. Diagnostic Audiology and Facial Nerve Testing **1919**

Cameron L Budenz, Paul R Kileny

- Cases *1919*
- Evaluation of Auditory Sensitivity *1921*
- Evaluation of Auditory Perception *1923*
- Potential Pitfalls in Audiometric Testing *1925*
- Objective Evaluations of Middle and Inner Ear Function *1927*
- Electrodiagnostic Testing of the Facial Nerve *1931*
- Cases Continued with a Brief Recap *1935*

132. Temporal Bone Radiology **1938**

Thomas P Sullivan

- Hearing Loss *1938*
- Intratemporal Facial Nerve Lesions *1944*
- Infection *1945*
- Cholesteatoma *1946*
- Tinnitus *1947*
- Trauma *1947*
- Encephaloceles *1948*
- Petrous Apex *1948*

133. Squamous Cell Carcinoma of the External Auditory Canal **1949**

Calvin Gruss, Ivan H El-Sayed, Larry Lustig

- Epidemiology of Squamous Cell Carcinoma of External Auditory Canal *1949*
- Physiology of the External Auditory Canal *1950*
- Diagnosis and Staging of Squamous Cell Carcinoma of External Auditory Canal *1950*
- Treatment of Squamous Cell Carcinoma of External Auditory Canal *1952*
- Complications and Contraindications *1955*
- Outcomes *1956*

134. Complications of Otitis Media **1958**

Beth N McNulty, Arun K Gadre

- Introduction and Bacteriology *1958*
- Pathogenesis and General Principles *1959*

- Clinical Features and Diagnosis of Individual Complications *1961*
- Intracranial Complications *1965*

135. Otosclerosis **1970**

Loren J Bartels, Kyle P Allen, Christopher J Danner

- History of Otosclerosis Surgery *1971*
- Pathogenesis of Otosclerosis *1971*
- Pathology of Otosclerosis *1973*
- Genetics in Otosclerosis *1974*
- Clinical Presentation of Otosclerosis *1975*
- Differential Diagnosis *1976*
- Stapes Surgery Candidacy (Audiometry) *1978*
- Stapes Surgery *1979*
- Medical Management of Otosclerosis *1980*
- Surgical Management of Otosclerosis *1981*
- Stapes Prosthesis Types *1988*
- Far-Advanced Otosclerosis *1988*

136. Hearing Aid **1994**

Yu-Fan Ann Yeh, Marcee Mickelle Wickline, Laura Steinmetz

- Role of Audiologists *1994*
- Hearing Aid Candidacy *1995*
- Styles of Hearing Aids *1996*
- Hearing Aid Selection, Validation, and Verification *1998*
- Hearing Aid Technology *1999*
- Real Ear Measurements *2001*
- Prescriptive Formulas *2001*
- Psychoacoustics of Amplification *2002*
- Special Considerations *2003*
- Special Populations *2004*
- Assistive Listening Devices *2005*
- Aural Rehabilitation *2007*

137. Cochlear Implants **2010**

Peter Weber

- History *2010*
- Indications *2011*
- Bilateral *2012*
- Imaging Preoperative *2012*
- Pediatrics *2013*
- Surgery *2014*
- Indications for Single-Sided Deafness *2016*
- Revision *2017*
- Outcomes *2018*

138. Ototoxic Drugs **2021**

Karen Jo Doyle, Ebenezer N Yamoah

- Classes of Ototoxic Drugs *2021*

139. Vestibular Schwannomas **2027**
Robert S Hong, Michael J LaRouere
- Epidemiology *2027*
- Pathogenesis *2028*
- Pathology *2028*
- Clinical Presentation *2029*
- Screening for Vestibular Schwannomas *2029*
- Neurofibromatosis Type 2 *2032*
- Radiology *2033*
- Additional Diagnostic Testing *2034*
- Treatment *2034*
- Treatment of Neurofibromatosis Type 2 *2040*

140. Other Cerebellopontine Angle Tumors **2044**
Eleanor Y Chan, Michael J LaRouere
- Anatomy of the Cerebellopontine Angle *2044*
- Clinical Presentation of Cerebellopontine Angle Tumors *2045*
- Rare Tumors of the Cerebellopontine Angle *2051*
- Metastatic Tumors in the Cerebellopontine Angle *2058*

141. Paragangliomas of the Temporal Bone (Glomus Tympanicum and Jugulare) **2062**
C Eduardo Corrales, Robert K Jackler
- History *2062*
- Terminology *2062*
- Pathology *2063*
- Age at Presentation, Multifocality and Catecholamine Secretion *2065*
- Malignancy and Occult Paragangliomas *2066*
- Clinical Manifestations and Growth Patterns *2066*
- Diagnostic Studies *2067*
- Treatment *2075*
- Outcomes *2076*
- Complications *2076*

142. Facial Nerve Hemangiomas **2080**
Richard K Gurgel, Clough Shelton
- Histology *2080*
- Management *2082*

143. Chronic Suppurative Otitis Media—Management **2084**
Matthew G Crowson, Debara L Tucci
- Medical and Surgical Management *2084*
- Complications of Treatment *2087*
- Future Challenges and Promise *2087*

144. Otoplasty for Prominent Ears **2089**
Dan Downey
- History *2089*
- Development *2089*
- Anatomy *2089*

- Causes of Ear Prominence *2090*
- Goals of Otoplasty *2090*
- Timing of Otoplasty *2091*
- Surgical Treatment *2091*
- Complications *2095*
- Revision Otoplasty *2097*
- Otoplasty for Other Ear Deformities *2097*

145. Otitis Media **2098**

Vijay K Sharma

- Physiology and Anatomy *2098*
- Pathogenesis of Otitis Media *2099*
- Symptoms *2101*
- Classification *2101*

146. Cholesteatoma **2108**

Philip D Littlefield, Richard J Wiet, Dick L Hoistad, Peter Choi

- Incidence *2108*
- Classification and Pathogenesis *2108*
- Anatomy *2110*
- Patient Evaluation *2112*
- Radiographic Imaging *2113*
- Surgery Options *2114*
- Complications *2120*

147. Intratemporal Facial Nerve Schwannoma **2127**

Huang M, Patel U, Patel A, Larson T, Rostad S

- Imaging *2128*
- Histopathology *2136*
- Surgical Management *2139*
- Radiation Therapy *2143*

148. Noise-induced Hearing Loss **2146**

Alice H Suter, Christa L Themann

- Prevalence of Noise in the Workplace *2146*
- Non-occupational Noise and Hearing Loss *2147*
- Mechanisms of Noise-induced Hearing Loss *2147*
- Consequences of Noise-induced Hearing Loss *2148*
- Tinnitus *2149*
- Risk Assessment and the Development of Standards and Regulations Assessing *2150*
- Combined Effects of Noise and Ototoxic Agents *2151*
- Communication, Safety and Warning Signal Interference *2152*
- Prevention of Noise-induced Hearing Loss *2152*

149. Middle Ear Hearing Devices **2156**

CY Joseph Chang

- Fundamental Concepts *2156*
- Osseointegrated Implant *2157*
- Ossicular Transducers *2159*

150. Vestibular and Balance Assessment **2165**
Neil T Shepard, Kristen Janky, Jaynee Handelsman
- Laboratory Studies *2166*
- Special Populations *2172*

151. Vestibular Rehabilitation **2175**
Jean Grantham, Karen Perz
- Therapist Evaluation *2175*
- Vestibular Exercises *2178*
- Benign Paroxysmal Positional Vertigo *2178*
- Unilateral Vestibular Hypofunction *2185*
- Partially Compensated Unilateral Vestibular Hypofunction *2185*
- Bilateral Vestibular Hypofunction *2188*
- Mal De Debarquement *2189*
- Cervicogenic Dizziness *2190*
- Ménière's Disease *2191*

Appendix I: The Dizziness Handicap Inventory *2192*
Appendix II: The Activities-Specific Balance Confidence (ABC) Scale *2194*
Appendix III: Visual Vertigo Analog Scale *2195*
Appendix IV: Motion Sensitivity Testing *2195*
Appendix V: Dynamic Gait Index *2196*
Appendix VI: Functional Gait Assessment *2198*
Appendix VII: Timed "Up and Go" Test *2201*

152. Tumors of the Temporal Bone **2206**
C Eduardo Corrales, Nikolas H Blevins
- External Auditory Canal Exostosis and Osteomas *2206*
- Cholesterol Granuloma of the Temporal Bone *2207*
- Middle Ear Adenoma *2208*
- Langerhans Cell Histiocytosis *2210*
- Choristomas, Dermoids and Teratomas of the Temporal Bone *2212*
- Endolymphatic Sac Tumors *2214*
- Lipomas of the Temporal Bone *2216*
- Chondrosarcoma *2217*
- Intracranial Epidermoids *2219*

153. Ménière's Disease—Ablative Therapy **2223**
Yu-Lan Mary Ying, Moises A Arriaga
- Ablative Procedures with Hearing Preservation *2223*
- Ablative Procedures with Hearing Sacrifice *2226*

154. Diseases of the External Ear **2230**
Niv Mor, Matthew B Hanson, Frank E Lucente
- Anatomy and Physiology *2230*
- Earwax *2230*
- Foreign Bodies and Insects *2232*
- Trauma and Thermal Injuries *2232*
- Inflammatory and Infectious Disorders *2234*

- Noninfectious Ear Canal inflammation *2237*
- Benign Tumors and Tumor-like Soft Tissue Lesions of the External Ear *2237*

155. Sudden Sensorineural Hearing Loss **2241**

Sujana S Chandrasekhar

- Assessment *2242*
- Treatment *2243*
- Ongoing Patient Care and Follow-up *2246*
- Rehabilitation *2246*
- Future Research *2247*

156. Petrous Apex Lesions **2249**

Todd A Hillman

- Petrous Apex Anatomy *2249*
- Patient Presentation *2250*
- Differential Diagnosis *2250*
- Radiography *2251*
- Normal Variants *2251*
- Inflammatory Lesions/Infections *2253*
- Neoplasms *2255*

157. Physiology of the Vestibular System **2260**

Abhineet Lall, Anita Bhandari, Rosemarie de Souza

- Balance Physiology of the Inner Ear *2260*
- Central Vestibular Processing *2261*

158. Temporal Bone Trauma **2268**

Alan W Langman

- Penetrating Trauma *2268*
- Blast Injury *2268*
- Nonpenetrating Injury *2268*
- Evaluation *2270*
- Management *2271*
